The Spur Of The Moment Horse Club has been providing a wholesome local open horse show option throughout Washtenaw County for over 30 years! Originating in Manchester, MI. on a rural dirt road, in the 1980s, Spur shows have grown exponentially over the years and have had a few different homes within Washtenaw County. Spur shows have offered a fun and rewarding experience to horse showing enthusiasts of all ages. The show recently had a two-year hiatus; 2020-2021. A new planning committee, made up of Spur alumni and newer Spur show attendees, have made it their mission to revive this well-loved show series! Taking it back to its roots as a welcoming local horse show, in a positive and fun atmosphere.

Your sponsorship will help fund the forward momentum, ideas, and goals this planning committee have been working so hard towards, that the community has been rallying behind. Additionally, this will help promote your business during the 2022 show season through various advertising opportunities. We hope to attract exhibitors, near and far, to a well-organized, well-attended, competitive, yet fun and positive show experience for families. This year, we have chosen 3 show dates. The goal is to offer more dates next year and years to come, along with year-end awards, where more community business advertising is possible.

Your support and generosity are greatly appreciated!
