

The Grapevine

Greetings in the Name of Christ!

It is hard to believe that it has already been a year since I was first appointed to serve the church here in Warrington. While this is my second church, the excitement that I had is still there. I am excited to see what we will do in the next year.

We have many things going on right now. We just had a church work day and we removed the old playground equipment that was falling prey to nature. We were blessed to have members of the Marine Corps and Air Force here to help us with the endeavor.

We have a mission team meeting on the 7th of July. Our focus will continue to be on our own Warrington Elementary School. Fundraisers to include bake sales, fish fries and BBQ pork sales will be conducted to fund our efforts. There is much need for laborers in mission. Get involved with this outreach. The Warrington community will be a better place when the church steps up to the plate and does some Kingdom work. If you want to get involved, contact Beverly Beck for information.

July is going to be a contemporary worship month. Not to be confused with anything other than some more upbeat music for the month. We just had a month of old time Gospel music. This is sure to be a fun time for all of us to be in the Lord's house here at Warrington UMC.

On July 13th, we will be having a fish fry here from 12-3pm. Please mark your calendar's and plan on coming out to be with us. The last time we gathered for something like this, we fed 100 people without charging, and made a profit of \$300.00 for our missions' efforts. You won't want to miss this. There will be a small price put on each meal, but those that cannot afford that will still be fed. Let's finish up the summer strong!

Loving Those Who God Sends to Us.

Grace and Peace,

Pastor Ted

CHURCH WORK DAY

WEST PENSACOLA, Fla. (WEAR) — Members of the United States Marine Corps ditched their day jobs to lend a helping hand. Flight training students from NAS Pensacola got their hands dirty Saturday at New Warrington United Methodist Church.

There, they dismantled old playground equipment.

The volunteer servicemen and women say serving the nation starts with the local community.

"We come out here, we volunteer, we try to support those who are supporting us. Since we are stationed down here we want to give back to the community," said Trevor Ellingson with the United States Marine Corps.

"Without them a lot of the things we do wouldn't happen and I'm just grateful for them," said Pastor Ted Johnson with Warrington United Methodist Church.

Marines stationed at NAS take part in all types of community service projects off base when requested.
