

## LITTLE JOEY CAST / Sketch 3

12/11/2020 - For Joe Harrison

by Akinseye Brown

### Little Joey

Our vision is to create a children's book series based on Agriculture and the Torpedopots. The 1st project will be titled "Little Joey Starts a Farm." I call it Edutainment, something fun and interactive for young people while encouraging them to get involved in Agriculture. The book will be translated into different languages.

Little Joey is on an exciting journey to provide his family with fresh vegetables. Joey learned from his teacher Mrs. Mende that eating fresh fruits and vegetables is good for you and will make you healthy and strong.

2 weeks later: Joey was amazed that the collards and spinach were sprouting, "Well Joey, you've got your farm started," Dad said with pride.

Torpedopot is proud to support Black-owned businesses. Little Joey is just one of many publications we intend to provide our community. This book should be released in a few months. If you'd like to join our writing community, please send your interest to [info@torpedopot.com](mailto:info@torpedopot.com). We invest in businesses that are aligned with our objective, "Feed the World."

*Feeding the World*
