

Packing a Self Storage Unit Like a Pro

INTRODUCTION

A well-packed storage unit keeps your items safe and makes retrieval easy. This guide will show you how to organise efficiently.

STEP 1

Gather Packing Supplies

Sturdy boxes or plastic bins.
Packing tape and labels.
Bubble wrap for fragile items.
Furniture covers and blankets.

STEP 2

Create a Layout Plan

Place heavy items at the bottom to prevent damage

Keep frequently used items near the front / top for easy access

Leave an aisle to navigate through the unit

STEP 3

1

Stack boxes from heaviest to lightest

2

Make sure fragile items are protected

3

Disassemble furniture to save space

STEP 4

Protect Fragile Items

Wrap glass and electrical items in bubble wrap.
Store mattresses and sofas upright to save space.
Keep important documents in waterproof containers.

CONCLUSION

A well-organised storage unit makes life easier. Follow these tips for a safe and space-efficient packing strategy.
