

Bowenwork

Modules 5&6

Combined

**This Class fine-tunes
Modules 1-4 while
Learning more procedures
and their applications.**

Prerequisites: The modules 1-4 must be taken in sequence, with 1-2 months between each single module or pair and the next.

In this four-day hands-on class, we will review and enhance the foundation moves thru Mod 4 and learn more specific moves for more issues, problems and injuries. You will study, learn and receive these Bowen moves:

Module 5: -Coccyx Procedure

- North Procedure (Shoulder)
- East Procedure (Shoulder)
- South Procedure (Shoulder)
- West Procedure (Shoulder)
- Gall Bladder Procedure
- Chest Procedure
- Tom Bowen's Home Remedies

Module 6: -5A & 7A Medially Procedure (Hamstrings)

- Bursitis Procedure
- Recommendations to Assist Conception
- Perineal Procedure
- Bedwetting Procedure
- Thoracic Procedure
- Ossie's Recommendations

These are the next Modules in the seven Modules required to become a Certified Practitioner!
