Brandon Cokes

We should consider setting up a meeting with Pat Quinn.

The Jefferson Sheriff's Office asked the district if it would allow the use of Station recreation hall for their Department of Corrections graduation. *Nov 14th*

Used Tires sold for \$2500 for 46-8-1

NYCLASS MONTHLY STATEMENT DISCLAIMER

Securities and municipal advisory brokerage services (investments purchased with proceeds from a municipal securities issuance), and investments cleared through our clearing firm, Pershing LLC, are offered through PMA Securities, LLC, a broker-dealer and municipal advisor registered with the SEC and MSRB, and a member of FINRA and SIPC. All other products and brokerage services are generally provided by PMA Financial Network, LLC. Thus, certificates of deposit ("CD"), savings deposit accounts ("SDA") and commercial paper ("CP") may be executed through either PTMA entity, as applicable, depending on whether the investment was purchased with proceeds derived from the issuance of municipal securities. PMA Securities, LLC and PMA Financial Network, LLC are operated under common ownership and are affiliated with PTMA Investment Advisors, LLC.

Fixed Rate Investment Activity

This section shows all of the fixed term investments purchased and sold, maturities, interest received, and activity. This will include all Full Flex CD Pools, Certificates of Deposit, Savings Deposit Accounts, securities and money market funds purchased through PMA Financial Network, LLC or PMA Securities, LLC as applicable. It also shows the approximate market value of each security and DTC CD whose price is obtained from an independent source believed to be reliable. However, PTMA cannot guarantee their accuracy. This data is provided for informational purposes only. Listed values should not be interpreted as an offer to buy or sell at a specific price. Other CDs and CP are listed at their original cost. Redemption of a CD prior to maturity may result in early withdrawal penalties. Market values are based on the last day of the month for which this report date range is ending. If the run date of this report is prior to the end of the current month, the market values are listed as equivalent to the cost values.

NYCLASS Activity

This section shows all of the client's transactions in NYCLASS. The Average Rate represents the average net yield over the previous month which is then annualized. Information regarding the NYCLASS investment objectives, risks, charges and expenses can be found in the NYCLASS Information Statement, which can be obtained at newyorkclass.org or by calling PTMA at the phone number listed. An investment in any series of NYCLASS is not a deposit of any bank, and is neither insured nor guaranteed by the Federal Deposit Insurance Corporation, the U.S. Government, any state governmental agency or NYCLASS. Investors could lose money investing in any series of NYCLASS, and there can be no assurance that any series of NYCLASS that seeks to maintain a stable net asset value of \$1.00 per share will be able to do so.

Money Market Fund

The Rate shown for the money market fund represents the average net interest rate over the previous month which is then annualized. Information regarding the money market fund's investment objectives, risks, charges and expenses can be found in the money market fund's prospectus, which can be obtained by calling PTMA at the phone numbers listed. All other products and brokerage services are generally provided by PMA Financial Network, LLC. Thus, certificates of deposit ("CD"), savings deposit accounts ("SDA") and commercial paper ("CP") may be executed through either PTMA entity, as applicable, depending on whether the investment was purchased with proceeds derived from the issuance of municipal securities. This section shows all of the fixed term investments purchased and sold, maturities, interest received, and activity. Redemption of a CD prior to maturity may result in early withdrawal penalties. Market values are based on the last day of the month for which this report date range is ending. If the run date of this report is prior to the end of the current month, the market values are listed as equivalent to the cost values.
