

The Importance of a Stewardship Pledge

Every October, along with our stewardship campaign, the clergy and staff begin preparing the coming year's operating budget. Your pledge is important to this process.

- A pledge tells us your financial intent over the coming year. In large part, we base our budget for the coming year on the pledges we receive.
- If you already give, it is important to us that you make a pledge as well, so that we can add your planned giving to the budget.
- This helps us effectively plan our operating costs for the coming year, including Sunday worship, our various Sunday/weekday offerings, and administrative costs that support our mission 7 days a week.
- If you have any questions or, please contact us in the church office at church@stmarks-houston.org or 713.664.3466.
