

## POWER TIME FOR POWER LADIES

### POWER LADIES Community Commitment Agreement

Welcome to Power Ladies!

Power Ladies is built on authentic connection, mutual support, and the question: **"How can I help you?"** Our community thrives when members feel safe sharing their challenges, ideas, and aspirations. This Commitment helps us maintain that trust.

We've created a space where women can be vulnerable, authentic, and supportive without worry. By joining Power Ladies, you're agreeing to uphold these community values:

#### **1. Protect Our Community**

Keep member information private. The member directory, contact information, and details about who's in our community are confidential. Don't share member information without permission.

#### **2. What's Shared Here, Stays Here**

Honor the room. Conversations, stories, business challenges, and personal shares that happen in Power Ladies meetings or events are confidential. You're welcome to share your own experiences, but respect others' privacy.

#### **3. Respect Each Other's Work**

Don't steal ideas or opportunities. If someone shares a business idea, strategy, or opportunity, treat it with respect. Ask before acting on something someone else brought to the group. Give credit where it's due.

#### **4. Use Good Judgment**

Be thoughtful about what you share outside the community. While we want you to make genuine connections, don't share others' confidential information with your networks, on social media, or in other professional settings without permission.

#### **5. Bring Your Authentic Self**

This commitment works both ways. When you honor this commitment, you create the safe space that allows YOU to be vulnerable and authentic too. That's where the magic happens.

That's it. Really. We're building something special together, and that requires every member to show up with integrity, discretion, and respect for each other.
