From Transylvania to Tunbridge Wells

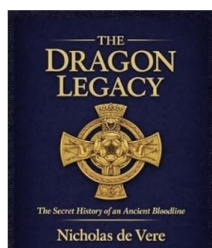

The Original Manuscript

**Nicholas de Vere • edited/restored
by Abbe de Vere**

**ISBN 9781919309804 • Paperback • 332
pages**

Built around Nicholas de Vere's 1995 manuscript framework, this provenance volume traces the O'Shiel and Redonda material into Irish kingship, royal genealogy and the source history behind later Royal Dragon Court publications. It preserves an important part of the archive while placing the manuscript in its wider historical and genealogical setting.

A restored collection of Nicholas de Vere's early writing, preserving the formative ideas and archival context that preceded his later publications. Moving through genealogy, folklore, aristocratic traditions and European history, it provides readers with the background needed to understand the development of de Vere's later work.

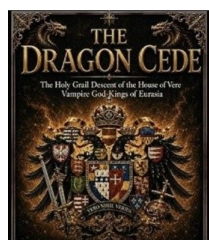

The Dragon Legacy

*The Secret History of an Ancient
Bloodline*

Nicholas de Vere

**ISBN 9781918588880 • Paperback and
other editions • 520 pages**

The Dragon Cede

*The Holy Grail Descent of the House
of Vere*

**Nicholas de Vere • restored/edited
by Abbe de Vere**

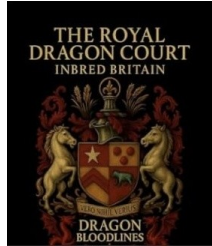

**ISBN 9781918588040 • Paperback • 490
pages**

Nicholas de Vere's best-known work brings together genealogy, mythology, Grail traditions, European dynasties and the symbolic language surrounding the Dragon tradition. This restored Dragon Publishing edition returns the text to the current catalogue for readers interested in alternative history, bloodline traditions, folklore and esoteric history.

A substantial companion to The Dragon Legacy, extending the genealogical, historical and symbolic material associated with the House of Vere, the Grail tradition and the Royal Dragon Court archive. It is aimed at readers who want to follow the source material beyond the earlier volume and explore the wider structure of de Vere's research.

ABBE DE VERE — HISTORY, GENEALOGY & SOURCE CRITICISM

The modern Dragon Publishing list: original research, comparative history and provenance.

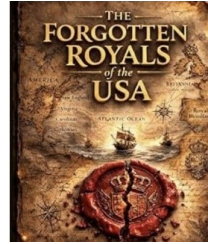

The Royal Dragon Court: Inbred Britain

Dragon Bloodlines

Abbe de Vere

ISBN 9781919309811 • Paperback • 422
pages

A wide-ranging genealogical study of Britain's interwoven families and dynasties. Abbe de Vere examines pedigree collapse, hereditary networks, royal and aristocratic descent, DNA and social history, using genealogy to show just how repeatedly Britain's historic families reconnect across centuries.

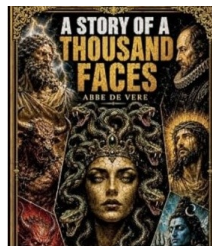

The Forgotten Royals of the USA

Abbe de Vere

ISBN 9781918588002 • Paperback • 420
pages

A genealogical and historical investigation into families whose lines crossed from Britain, Ireland and continental Europe into colonial and later America. The book places family trees inside the larger stories of migration, inheritance, settlement, identity and the survival of old European lineages in the United States.

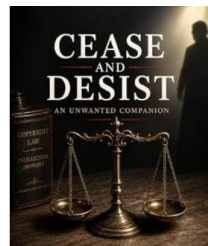

A Story of a Thousand Faces

Abbe de Vere

ISBN 9781918588897 • Paperback • 392
pages

A comparative exploration of recurring myths, sacred stories and archetypes across civilisations. The book asks why similar gods, monsters, heroes, symbols and narrative structures appear again and again, bringing mythology, religion, anthropology and cultural history together in one accessible study.

Cease and Desist

An Unwanted Companion

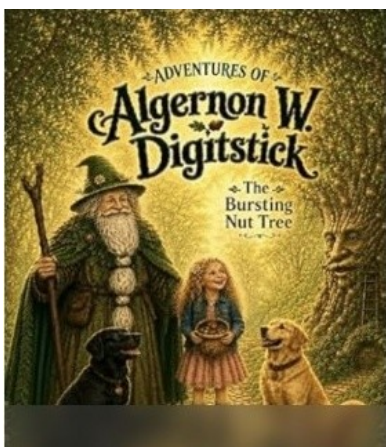

Abbe de Vere

ISBN 9781918588989 • Paperback • 558
pages

A detailed study of attribution, provenance, publication history and the modern reuse of Nicholas de Vere and Royal Dragon Court source material. Drawing on legal research, documentary comparison and the history of the texts themselves, it examines where ideas originated, how they travelled and why accurate sourcing matters.
