# UNITED TAXIDERMISTS OF NEW YORK 2026

## PRESIDENT'S MESSAGE

Hello Everyone,

I hope this cold and snowy winter finds you well. The board is busy putting together a great show. We are a couple weeks later this year so hopefully the weather will be more like spring. We have an exciting lineup of judges willing to share their decades of experience.

Our first mount off was held last year and was a great success! We are going to do it again this year but is no longer limited to game heads. Feel free to mount anything you wish. The lighting problem is being addressed but you may want to bring your headlamp just the same..

It's been a few years since we have had a Thursday workshop. This year we are excited to have Terry Weick , our bird and fish judge, offering a full day molding and casting seminar. Terry is going to cover a wide range of topics including equipment needed, materials, and techniques to help you cast your owns parts for birds, fish, and mammals. The cost is a bargain at \$250 for the entire day with lunch provided.

We have a new website this year and you can register and pay online if you wish. Special thanks to our webmaster Ashley Hess!

We are looking forward to seeing you at the show!

Jerry St.Pierre  
UTNY President

*Check Out Our New Website!*

# UTNY'S 2026 WHITETAIL JUDGE FRED BARILLA

Fred Barilla is the owner and operator of Wild Memories Taxidermy on Long Island, NY.

Fred has won numerous top awards, including the Breakthrough Award, Wasco Award, National Champion, North American Champion, and Second in World titles.

He has judged and performed seminars throughout the northeastern United States and Canada, including the National Taxidermists Association and World Taxidermy Championships.

Fred is well known for incorporating artistic design and composition into his pieces.

We look forward to having him share his knowledge with everyone at the show!

# UTNY'S 2026 BIRD & FISH JUDGE TERRY WEICK

I am Terry Weick and I'm honored to have the great opportunity to Judge and share at your up-and-coming Convention. I have been involved in Taxidermy since the age of 11, now at 58 I still live in Hopkins Michigan where I grew up. In 1990 I joined the Michigan Taxidermist Association and recently have been inducted in the Michigan Taxidermist Hall of Fame. Being a part of several Taxidermy associations over the years, allowed me to meet and learn from some very talented people. In 1992 I opened a full-time studio doing all phases of Taxidermy, with Fish being my favorite. The willingness to learn from other instructors, along with attending seminars and competing helped shaped my success. For the last 15 plus years I have been fortunate to be a Judge /instructor for several State shows as well as Ontario, Quebec, New Zealand and Australia.

At that beginning, learning was from trial and error. The Northwest School of Taxidermy correspondence course gave me direction. Today we are fortunate to have great associations and mentors willing to share the latest techniques. During my struggles with Taxidermy I never gave up and always was looking for a solution to my disastrous attempts.

Competing is something I still enjoy but rarely have time for, it pushes my focus to do the very best that I'm capable of and gives myself creativity we often don't get in a commercial setting. Twenty plus years of attending Taxidermy conventions I have been blessed many awards including Several Breakthrough's and 3 Gold Ackley "World" medallions. But the Best awards are the friendships and connections I have made. I am truly honored to be your judge and instructor for the 2026 convention.

Thank you,  
Terry Weick

# UTNY's 2026 Mammal & Gamehead Judge CODY BENGE

*My name is Cody Bengé, and I am a professional taxidermist with a lifelong connection to the craft. I grew up in Oregon, where taxidermy was part of my life from an early age and quickly became more than just a skill, It became a passion. That early start shaped my respect for wildlife, attention to detail, and commitment to creating accurate, lifelike work. I now am fortunate enough to call Wyoming home.*

*I currently work under Dawayne Dewey, as well as running a shop with my fiance Melanie Hughes, gaining valuable experience and refining my techniques every day. I have competed in taxidermy competitions across the western United States as well as at the World Taxidermy Championships, always pushing myself to improve. Outside the shop, I enjoy hunting, fishing, and spending time outdoors, drawing inspiration from the landscapes and wildlife that fuel my work.*

# 2026 PRESIDENTS CHALLENGE

## "ANY EXOTIC SHEEP"

*\$10  
Entry  
Fee*

# UNITED TAXIDERMISTS OF NEW YORK

## Rules of Competition

- 1) All attending must be dues paying members of UTNY and must be registered at this convention. Registration badge must be worn at all times.
- 2) All competition pieces need to be registered for the competition and pay the appropriate fee(s).
- 3) Pick up your packet before entering competition pieces. All competition pieces must be delivered to check-in area by **4:30pm on Friday, April 17, 2026**. Any final grooming is to be done only in the check-in area prior to the official judging session. Pieces may not be removed until the end of the board meeting on Sunday. **NO EXCEPTIONS!** Anyone wanting someone else to transport their competition pieces on Sunday will need to supply a written document to the competition committee with both signatures for release.
- 4) No one is to be allowed in the competition area prior to, or during, judging other than authorized competition committee personnel.
- 5) Pieces may be used to compete only one time in a UTNY competition.
- 6) HANGERS: Any mount hangers may be used to hang from screws on our new backboards.
- 7) A competition piece can be rejected from competition if members of the committee judge it to be lewd or offensive to the general public (i.e. blood, trap, arrow, and also No Live Ammo allowed).
- 8) Any plaques or signs identifying the taxidermist or customer must be removed or obscured before judging. All glass cases must be removed by the competitor only, before judging. This will be done in the grooming area.
- 9) Multiple ribbons will be awarded in most categories, according to quality of work. In the event of a tie, duplicate ribbons will be given.
- 10) Score sheets will be given to competitor. It will be the competitor's responsibility to keep. UTNY will only hold the scores of each competitor. Raw score will be used for the ribbon placement in all the classes. Judges will be notified of the class.
- 11) Any unsportsman-like behavior will result in the loss of ribbon.
- 12) Animals hunted legally in the world are allowed with proper permit, including transport permits. Hawks, owls, songbirds, or eagles will be allowed with proper state and federal paperwork. The competitor is responsible for knowing and following all such laws pertaining to species on federal or NYS protected or threatened lists.
- 13) **JUDGES DECISIONS ARE FINAL.**
- 14) All competition pieces will be entered at the competitor's own risk. UTNY is not responsible for any liability due to damage, theft, fire, or natural causes.
- 15) Any competitor 16 years old or under, will receive a ribbon and may register under family membership, but must still pay the entry fee.
- 16) If you bring any animal that does not conform to any category, you must submit photos and reference pictures for the judge to determine if it was correctly interpreted in the mount. There will be no best of category ribbon.

# UNITED TAXIDERMISTS OF NEW YORK

## Categories of Competition

A mount can only be entered in one division in the competition (i.e., you cannot enter the same mount in the master and commercial division at the same time).

Open categories are open to competitors in any division. Open categories include, but are not limited to: collective artist, novelty, wildlife art, freeze dry, and commercial. Entries in open categories are not eligible for distinguished taxidermist or any special awards unless specifically listed.

### **1) Youth, Amateur, Professional, and Master Divisions**

Whitetail deer heads (open or closed mouth categories).

Gameheads (open or closed mouth categories, all other animals including ½ life size).

Large life size mammals (larger than a coyote).

Small life size mammals (coyote and smaller; juvenile large mammals, fawns, cubs, etc. will be included as small mammals determined by body mass as to coyote size).

Upland birds, waterfowl, turkeys (allow freeze dry heads).

Reptiles (skin mounts).

Habitat

Reproductions (fish, reptiles, amphibians, replica antlers, etc.)

Fish: All fish are judged as a two-sided mount. The only one-sided fish is in the commercial, youth and amateur divisions. The judge will need to see two eyes and the finished area to

blend the seam, in order to score the fish. Please specify the category on entry sheet.

The competition committee will classify anything questionable into the commercial division.

### **2) Wildlife Art**

Wildlife art will be any open division, to include, but not exclusive of sculpture, painting, photography, carving, casting or flat art. (the judges will choose the winner.)

Nothing will be allowed that is lewd or offensive to the public (i.e., traps, blood, arrows and NO LIVE AMMO).

### **3) Commercial Division**

Whitetail deer, gameheads, birds, mammals and fish are the only categories in this division.

Only first, second and third places are awarded. Judging will be done without the use of a flashlight or physical touch. Commercial pieces will be eligible for taxidermist's choice.

### **4) Freeze Dry Taxidermy**

This will be an open division. Entries must be designated for this category. No other freeze dry will be in the general competition other than turkey head.

### **5) Presidents Challenge**

Chosen by the President.

### **6) Best of Category**

These ribbons will be awarded in each division for the categories listed above in the Divisions listed in #1. The Best of Category ribbon will go to the highest blue ribbon entry. If a division has no blue ribbon, it will not receive a Best of Category ribbon.

### **7) Collective Artist Category**

## **Some thoughts when choosing a division.....**

- Ask many who have been competing for awhile. They will tell you the best benefit to competing is the knowledge you will gain through the critiques of your piece. Your work will very likely improve faster than it ever would have on your own.
- The higher the division, the higher the scrutiny the judge will use . The ribbons may come harder but the input from the judge will be more in-depth.
- First timers often think they should start in the Amateur Division. You might consider entering the Professional division. The judging is to a higher standard and the critique will be much more detailed...you will learn more faster.
- The Commercial Division is basically judged from several feet away, i.e. from a customer's viewpoint. Pieces are not scored on a point system and there is no detailed score sheet. Ribbons can come easier but you won't get the benefit of the score sheet and critique. If you are hungry for knowledge, you might be better served in any of the other divisions.

### **Divisions of Competition**

**AMATEUR:** Anyone new to taxidermy competition. Any amateur who has won two 1<sup>st</sup> place ribbons in a given category, must move up in that category only.

**PROFESSIONAL:** Any competitor who has won two 1<sup>st</sup> place amateur ribbons in that category, or a best of category. Any professional who has won three 1<sup>st</sup> place ribbons in a given category, must move up in that category only.

**MASTER:** Any competitor who has won three 1<sup>st</sup> place professional ribbons in that category

**YOUTH:** Any competitor 16 years and younger can compete under family membership, but must pay entry the fee(s).

**COMMERCIAL:** Any average customer piece, open to all competitors. The reason for having a commercial division is to have an average customer piece critiqued. Judging is done without a flashlight or physical touch. Entries are eligible for Taxidermist's Choice, Presidents Trophy and WASCO awards. There is no Best of Category awards in this division.

***\*\* Note any competitor may move up to a higher division at anytime, but cannot drop back.\*\****

**\*\*With the elimination of the DOE Division. Competitors previously in DOE should compete in the Masters Division.**
