CAUTION TAPE 4 X 300 FT

Grade 0000 Super Fine
Equivalent 300 to 600 grit SAND PAPER
For buffing and cleaning. Buffs woodwork, shellac, lacquer and varnish (use with wax or oil.) Cleans windows without water or cleaners. Remove rust from chrome with kerosene.

Grade #0 Fine
Equivalent 120 to 150 grit SAND PAPER
For cleaning and removing. Cleans barbecue grills aluminum, copper, brass, zinc and other metals. Removes rust from metal tools (use with light oil for best results). Great for copper pipe cleaning before soldering.

Grade #00 Very Fine
Equivalent 150 to 220 grit SAND PAPER
For buffing, cleaning, cutting, and removing. Buffs final finish on painted trim. Cleans golf clubs, screens and frames. Removes old finishes from antiques (use with finish remover).

Grade #000 Extra Fine
Equivalent 280 to 230 grit SAND PAPER
For buffing, polishing, and removing. Buffs cabinetry and new wax finishes. polishes stainless steel, aluminum, copper, brass and zinc. Removes minor burns from wood and leather. Removes paint drips and splatters.

Grade #1 Medium
Equivalent 80 to 120 grit SAND PAPER
For cleaning and preparing. Cleans linoleum, rubber asphalt, and other resilient floors, automobile white side walls. Prepares wood for the first coat of paint and smooths raised grain.

Grade #2 Medium Coarse
Equivalent 60 to 80 grit SAND PAPER
For cleaning and removing. Cleans glass block, rough metals or stone surfaces. Removes rust and dirt from garden tools and machinery, scuff marks and old wax from floors. Removes varnish from antiques with varnish remover.

Grade #3 Coarse
Equivalent 40 to 60 grit SAND PAPER
For removing. Removes old paint and varnish also can be used to clean glass block and restoring exterior woodwork. Also used to stuff holes to block rodents.

Grade	Woodworking	Metal Work	Staining/Painting	Tips
#0000	Final finish on fine wood work. Smooth lacquer, varnish, shellac. Buff furniture and wood work to a rich luster using wax or oil.	Clean precision tools and instruments.		Clean windows and glass without liquid cleaners.
#000	Scuff/ sand between coats to remove dust ribs and surface imperfections.	Remove rust spots from chrome and auto polish.	Remove dried paint drips and splatters.	Remove wax or polish from fine furniture with soap and water. Clean bottom of electric irons.
#00	Remove old finishes from antiques with finish removers. Remove stains from wood floor.	Polish and restore aluminum, copper, brass and other bright metals.	Remove minor burns from wood. Cuts high gloss finish to semi-gloss.	Clean golf clubs, metal wheels, screens, metal lawn furniture. Remove minor burns in leather and suede.
#0			Remove final paint residue when staining.	Clean porcelain, tile, and grout. Clean shower doors using scouring powder.
#1	Smooth raised grain on primed wood.	Clean copper pipes and fittings. Remove rust from cast-iron. Clean barbecue grills.	De-gloss painted surfaces before applying new coatings.	Clean linoleum floors, bowling balls and soles of shoes.
#2		Etch porcelain and metal surfaces.	Remove paint from moldings and awkward corners.	Remove old wax and scuff marks from floors. Cleans glass block.
#3	Remove old paint, varnish, lacquer and shellac using paint remover or strippers.	Clean rough metals or stone surfaces.	Remove stubborn paint, rust, dirt, and varnish. Strip paint and coatings from exterior woodwork, moldings and awkward corners.	Tuck into holes, cracks and openings to control or eliminate rodents, birds and other pests.
Multi-Grade	Final finish of fine woods. Smooth raised grain on primed wood. Remove old paint with paint removers and strippers.	Cleans precision tools. Removes rust. Clean rough metals or stone surfaces.	De-gloss painted surfaces before applying new coatings.	Cleans glass without liquid cleaners. Cleans linoleum floors. Eliminates rodents from coming through cracks and openings.
