Gentlemen:

I previously emailed asking to know the price at which the 3 acres in controversy was sold and have received no response. I have now received TOMA Integrity, Inc.'s letter saying the price was \$200k plus easement rights on the remaining 7 acres. If those allegations are true, then I think it is imperative for the water board to seek to unwind the sale, most especially if a court has ruled that the sale occurred in meetings that failed to comply with the open meetings law.

Thank you.

Ken
