

## NRA BASIC METALLIC CARTRIDGE RELOADING COURSE SYLLABUS

Course Length: Total Class time is a minimum of eight hours.

Course Goals: To provide beginning reloaders with the basic knowledge, skills, and attitude necessary to safely reload metallic cartridges.

Student Text; *NRA Guide to Reloading*

Course Lessons: Lesson 1- Introduction to Reloading and Reloading Safety (one hour)  
Lesson 2- Centerfire Cartridge Components (one hour)  
Lesson 3- Using the Reloading Manual and Reloading Data (one hour)  
Lesson 4- Metallic Cartridge Reloading Equipment (one hour)  
Lesson 5- The Metallic Cartridge Reloading Process (one hour)  
Lesson 6- Basic Metallic Cartridge Reloading Practical Exercise (two hours)  
Lesson 7- Course Review and Examination (one hour)

What to Bring: A safe attitude; **any reloading manuals you have**; eye protection if you have it. Bring your lunch, snacks and drinks. Dress comfortably.

What I will provide: Reloading equipment, and a safe learning environment. A certificate of Completion (“NRA Basic Metallic Cartridge Reloading”) will be provided to each student who successfully completes the course.
