

The Bull Sheet

Established 1945

JULY 2022

Paul Bunyan Rifle and Sportsman's Club

Puyallup, WA

JUNE MEETING NOTES

The July general and board meetings will be held one week earlier than usual, on Friday July 15th, 7PM in the clubhouse.

We will soon be replacing the flag in front of the clubhouse. The present flag has flown at the club for many years, and it is starting to show its age. Kevin Olson has ordered a new nylon flag that was flown over the Capitol in Washington.

The Board is working on updating and streamlining the club range rules. Once the rule updates are approved by the board, we will put them on our website and a link in the next BullSheet. Paper copies will also be available for club members in the range officer's shack.

Bob Wendt reports that James Fox from Oregon shot a 1594 out of 1600 to win the State high power championship here last month. This month, we will host the regional high-power championships July 4-5-6, and on the 16th, we will hold the annual Nostalgia match with funds going to help juniors who are going to compete at Camp Perry.

MEMBERSHIP

The club would like to welcome the 24 new members for July. Jason Bauman, Charles Dung, Sara Dante, Matthew Gorski, Janet Gorski, Alyssa Gerads, Robert A. Hays, Robert D. Hays, Dennis Little, Ryan Little, Sean Masters, Kellie Masters, Brett Massie, Suzie Massie, Matt McCartney, Nathaniel Carmel, Chris Dunayski, Ryan Popke, Amy Reagan, Rodney Switzer, Paul Utley, Coyia Victor, Steve Victor and Steven Victor were all voted into the club at the general meeting. Welcome to all. Club membership for 2022 now stands at 1448.

LEGISLATURE REPORT

Kevin Olson

Four weeks after the cowardly Uvalde school massacre, the U.S. Senate has reached a bi-partisan agreement to pass legislation that is being hailed as "the biggest breakthrough on the issue of gun violence in 30 years". Among other provisions, the 80-page bill will supposedly use federal funds to bankroll states efforts to pass "red flag" laws, wherein a person deemed unfit to possess a gun can lose his right to do so. Of course, the question is, who is authorized to deem a person unfit and with what evidence? Is testimony from your unfriendly neighbor sufficient? How about from your jilted lover? Perhaps an anonymous phone call to your local police chief? I shudder to think of the ways our WA Attorney General Bob Ferguson and his legislative allies will craft a law that will create the authority to take away your firearms without you ever being convicted of a crime.

On June 23, the Supreme Court released its landmark decision on New York State Rifle and Pistol Association's challenge to NY's requirement to show *just cause* to obtain a NY state concealed carry license. The decision is expected to send shock waves through the gun control industry across the country by re-asserting the Second Amendment's guarantee of an individual's God given right to keep *and* bear arms. NY's just cause requirement was routinely used to reject almost all applicants, excepting some celebrities, politicians and other elites. Contrast NY's requirement to prove yourself worthy with WA states *shall issue* clause that puts the burden to show cause to deny an applicant on the state. For more details see <https://www.saf.org/>.

ACTION SHOOTING INTERNATIONAL (ASI) ACTIVITIES

Jackie Russo

We will have our next match on July 24th (a Sunday) – following IDPA’s regularly scheduled match on July 23rd. Pre-registration is appreciated on Practiscore. Search for all our matches under MATCHES and Paul Bunyan. Match fee is \$20 – cash or check, only. New Shooter Orientation (NSO) at 9am in Bay 1, is mandatory.

Want to learn more? Click on SHOOTING DISCIPLINES on the [Paul Bunyan website](#).

LADIES LEAGUE HAPPENINGS

Jackie Russo

Our group met for both Girlz Night Out (GNO is first Wednesday of the month) and T-Time (third Sunday of the month). For Father’s Day, for T-Time we invited the gents to join us on the range for a little pistol time with their ladies. A special target was created and a drawing was held for prizes for the fellas.

For July, as usual, we will meet on the 6th for GNO at 6 pm. Meeting in the covered pistol bays. For T-Time, we will host An Introduction to ASI (Action Shooting International) for the ladies. We will meet in Bay 1 in the action shooting bays (the bays immediately to the left on entering the range). We will meet at the usual time 11 am – 1 pm. Bring your eye and ear protection, firearm and at least 2 boxes of ammo. Range fee is \$5.00. Once completed – this is considered New Shooter Orientation – you can participate in ASI matches at both Paul Bunyan and Renton Fish & Game matches. **Mandatory:** Please RSVP to corginationpistolteam@earthlink.net by Friday, July 15.

CBA BENCHREST MATCH RESULTS

John Schauf
June 23, 2022

Here are the results from today's match. We had a good showing today despite the sudden appearance of the sun. Today's

winner was once again Tim Wilson with a 385 1X followed by Jack Hewitt with a 384 3X. Great shooting guys. Next match will be the Washington State Championship July 23rd and 24th.

CBA MILITARY MATCH RESULTS

Al Richardson
June 11, 2022

Clouds with no rain were a welcome relief after the weather we have endured recently. Some consistently good shooting by Ron Heilman once again took the top spot. Doug Shellenberger gave up on his Swiss and shot a very nice score this month with his Mosin Nagant. Thanks again to Alice Gardner for running the match and doing the scoring, and to all who helped with the target changes and scoring. Our next match will be Saturday July 9th. We might get lucky and have a sunny day for the match!

PAUL BUNYAN RENDEZVOUS 2022

by Mike Moran

"It's always great when you can put away dry canvas." No truer words were spoken, but it always comes after preceding 5 days of rain. So, it was this year at the Paul Bunyan 46th Memorial Day Rendezvous in Puyallup, WA, but that didn't keep folks from coming out and participating in the festivities. In fact, we had more shooters than last year, and quite a few new faces!

The Plainsmen had put in months of hard work getting the trails and facilities ready. Rich Pogue and Darrell Behounek revitalized the knife and hawk trail, adding a few surprises for this year. At the monthly work parties Boosway Jack Knight and Segundo Jim Haeckel oversaw the crew building new council fire benches, preparing targets and signs, and of course, cutting lots of firewood. Everyone put in countless hours making sure "it truly shines".

Knee Walker takes a shot along the Pistol Trail

Registration kicked off Friday as the campers rolled in and started setting up camp. Chip Kormas and Helen Sick got everyone signed in and into groups for the main aggregate. This dynamic duo run a vital activity even though they get stuck inside most of the day, which this year might not have been so bad. It was great to see the camp take shape and the glow of the campfires as the evening wore on.

Jack Knight kicked off the opening ceremony with a flag salute and firelock volley, then gave us a rundown of the schedule and rules. The main event got started right after, with the first of the guided groups heading to the rifle range. The groups go out every 30 minutes and are led by a Trail Guide to keep score and oversee the group. This year we had a local BSA Venturing Crew participating, and they sure seemed to be having fun. I bet we'll see them down the trail.

The Main Aggregate event consists of the Rifle Trail, the Pistol Trail, and the Knife and Tomahawk Trail. The Rifle Trail has 15 stations, with a steel target set at various ranges from 25 yds to 200 yds with a point scored for each the targets have either an easy target for 1 point or a harder target for 2 making the total possible score of 20. The Pistol Trail is with closer targets, also giving a possible score of 20 if all options are taken. The Knife and Hawk trail has a variety of a few surprises, which give a total of 20 possible points. bonus points are awarded for period dress, 3 points for 3 clothing, 5 points if you are dressed "head to toe". This gives aggregate score of 65 points.

Saturday evening five teams gathered for the Stake winner take all contest to see which team can shoot a 4x4 in the lumber type, not the vehicle). Each team has four a safety person to keep an eye on things when the going got shoot was organized by Bill Sick with Mike Moran assisting. painted the posts white with a red line, which really showed patterns. The winning team was Allen Tresch, Anthony Woore, and Bobbie Fisher, with Paul Nelson as the safety. group was about the size of a hockey puck, and each won a steak as a prize.

Will Ulry sets off the Candy Cannon

Following that, fifteen shooters gathered for the Split the Ball contest, where an axe head is planted in the face of a log and clay pigeons are hung on either side. Bill Sick started everyone at 15 yards from the target, and each shooter took a shot in turn. In order to advance, the ball split on the edge of the axe and break both clay pigeons. After the first round only Raymond Edwards and Bobbie Fischer had split the ball, so those two moved back to 20 yards to try again. Neither was able to split the ball, so they decided to win by a toss of the coin. Raymond won, and both took home nice Ted Cash metal boxes.

At noon each day Will "Bugler" Ulry fired up his Candy Cannon for the kids, as they scrambled to gather as much candy as they could. Jack Knight, Susan Romero, Jamie Haeckel, and Sidney Knight all directed the Little Buckskinners in crafts and games throughout the weekend.

Sunday saw more groups heading out to the ranges for the aggregate events, and at 4:00 pm the crowd gathered for the Chicken Shoot. This is an elimination event where two person teams compete against another with the winning team

advancing to the next round. Each team needs to hit two large and one very tiny chicken silhouette perched on the 50 yard berm. To ensure the teams have enough motivation, the crowd provides helpful advice and criticism. At the end of each round, the targets are reset by the "Chicken Boys", a group of 4 kids who run their butts off but take home a few well-earned dollars collected from the crowd

In the background of all these events is the Archery/Knife & Hawk trail, which is self-guided. Six archery stations use a combination of small animal burlap targets and large animal 3-D targets (thank you Hunter's Ed!), plus there are five targets on a separate knife and Tony Woore took 1st place, Anthony 2nd, with Mike Moran taking 3rd in a Squatting Hawk.

After a hearty meal of Tim Klima's Sunday evening (the first dry evening rendezvous) the camp gathered at the the annual Apple Pie contest. The sure each entry was thoroughly tested, that Marley Sotelo's entry was the took home some honey flavored prize. Mickey Hamilton brought his Mike Moran, Jeff Smith, Maureen Riley others filled the night with songs and

Try our new full utility primitive sites

Monday morning Mark Curtis gathered the Trade Gun shooters with shots on some of the gong targets and some paper targets. Will Ulry, Allen Tresch, and Paul Nelson were the 1st, 2nd, and 3rd place winners. The little ones gathered at the same time for the Dan Smith Memorial Pee Wee Shoot, hosted by the Smith family. We also put the final push on for raffle tickets, with the offerings this year of a Lyman Great Plains rifle, a Witney blanket, a Steve Skillman powder horn, and a Don Kaulitz knife.

Jack Knight started the awards ceremony with lowering the American flag and a moment of silence for our fallen veterans. He thanked all the folks who helped make this rendezvous a big success, and thanked the participants for coming out. Then the moment that everyone was waiting for, prize out, where the shooters pick prizes in order of their scores. The juniors went first, with Ayla Hamilton taking first place with a score of 24, then Scotty Rutherford with 20, and Nicholas Schubert with 16. For the adults, this year's top three women shooters were Barefoot Annie with 29, Knee Walker with 28, and Fallen Woman with 25. The men's top shooters were Allen "Two Tails" Tresch scoring 45, Mike Holeman with 43.1, and Squatting Hawk with 43, a tight race for sure.

The sun was shining as the crowd dispersed, and the mountain man camp transformed back into a modern gun range. Hugs and handshakes were passed around as new friends and old said goodbye, with a promise to see each other down the trail.
