## **APRIL MEETING NOTES**

It's that time of year again when the range gets very busy, especially on the weekends. We have lots of matches on the weekends, making the rifle range a busy place especially in the mornings. The muzzleloaders will have their annual rendezvous May 23-27, closing all ranges for their activity. Please check the on-line calendar before coming to the range.

The general and board meetings for May will be one week later than normal (May 31<sup>st</sup>) due to the muzzleloader rendezvous.

Our annual Soldier's Home "Day at the Range" program gets under way this month with the first date being Tuesday May 14<sup>th</sup> continuing on the third Tuesday of each month thru September. If you have some time to spare and would like to help, contact Marty Kotzke at 425-466-9092 or show up at the pistol range at 1pm.

We will soon have 4 red "cold range" indicator lights on the pistol range like we have on the rifle range. We have accepted a bid by Seatac Electric to install the lights and activation switches. We will have 3 switches to activate the lights, one close to the entrance, one by the walkway to the targets and one on the podium. These lights will work, and are to be used in the same manner, as the system on the rifle range.

The winter smallbore league has finished up for the year with Ross Brown being the overall winner. We will start the summer league with a practice session June 3<sup>rd</sup> with the match shooting starting on the 10<sup>th</sup>. If you are interested and have questions, contact Bob Wendt at 253-848-6325.

Bob is also the guy to talk to about shooting in a hi-power match. The next match in Sunday May 5<sup>th</sup>. The matches continue on the first weekend of each month thru September. Check the calendar for exact dates.

Hunter education classes are filling up quickly. If you are interested in getting a spot in an upcoming class, go to the [WDFW](http://www.wdfw.wa.gov) website to sign up.

## **RULES CHANGES**

Al Richardson

The rules committee met recently to update and make the posted and printed rules read the same. In several instances, there were discrepancies between the website, the printed version that was handed out to new members, and the rules posted on the signage at the range. Suggestions were made to update and make changes to a few of the rules. These changes were discussed and approved at the board meeting.

- The magazine limit on the rifle and pistol ranges has been changed from 8 rounds to 10 rounds
- Members are required to wear their badges while using the ranges but not necessarily while working or volunteering at the range.
- Bottles, cans and other targets that may cause ricochets or leave debris on the range are not allowed
- All firearms will be cased and uncased on the firing line with the actions open and the muzzle pointing down range
- On the shotgun range, the magazine limit is now 3 rounds
- The rule forbidding concealed firearms in the clubhouse has been changed to read "no handling of loaded firearms in the clubhouse".

There were a few other minor or wording changes, but those above are the most noteworthy revisions. Please take a few minutes to visit the [website](http://www.pbcwa.com) and read the rules.

## CARETAKERS REPORT

Doug Shellenberger

As luck would have it, just as the grass started growing, our lawnmower broke down. It is now in the shop having the steering assembly repaired. We hope to have it back soon before the grass gets too tall.

The logger we contracted with to remove the trees damaged during the winter storms has been hard at it. He has completed most of his work near the rifle range and will now move to the south part of the property. We have found many more trees that are either dead or dying that he will remove while he is on site. We will be having intermittent range closures, especially on the weekends, while he does his work. The announcements section on the website will be kept up to date as we get the latest information.
