

JAGMEET BRAR

Canada | www.linkedin.com/in/jagmeet-brar-16a4303a3

A unique hybrid of front-line trade mastery and executive strategic vision. Expert in critical energy systems with a proven record in operational leadership, risk governance, and systemic advocacy. Translates ground-level technical expertise into high-level strategy, team development, and policy reform. Dedicated to building resilient infrastructure and proactive communities through integrated, regenerative principles.
