Dear Debe

Dear Debe

I was looking to attend your 40th Anniversary Gala, and I noticed on the website that the price is \$99.99. It's confusing because it seems that \$100 would be more manageable. I'm also not sure

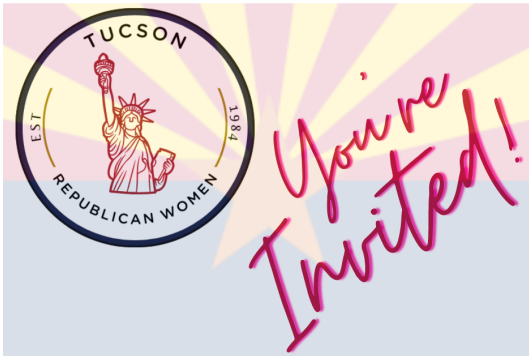

what "Black Tie Optional" means. Could you help me? Thanks. Gala Attendee

Dear Gala Attendee

I'm thrilled you went to the website ([tucsonrw.org](http://tucsonrw.org)) and are looking to attend the Gala. The reason we priced the Gala at \$99.99 is to signify that we stand in solidarity with the original Title 9 protecting women and girls. We do not support the Biden/Harris version that protects men pretending to be women. Furthermore, we're really capturing the number 9 because the Biden/Harris administration is trying to change the Supreme Court, and we certainly don't support changing the number of Justices. Our Supreme Court has been 9 Justices for over 150 years. "Black Tie Optional" means women can wear long dresses or cocktail dresses, and men can wear suits or tuxedos. We look forward to seeing you at the Gala. We will have fun with music, dancing, great food and even better company.

Our next meeting will be **Monday, August 26th, at the American Legion Post 36**. Check in begins at 1130 am; program begins at 12 noon. Lunch will be \$25 per person.

**EXCITING NEWS!!** You now make your reservation at our brand new website, [TucsonRW.org](http://TucsonRW.org). See "**Website is Live**" below for instructions.

**Program:** Ballot Propositions and local School Board candidates. As the Republican base, we are already voting for our Primary winners up and down the ballot. Join us as we navigate some of the rest of the ballot and learn what propositions are a Yes and which are a No. In addition, we will have information on the candidates for each of the school districts within Pima, so you can vote informed. It matters!

## Election 2024

### Protect Your Ballot

I'll start with follow the directions on how to vote your ballot. The instructions specify using black or blue ink and filling in the bubbles by the candidate of your choice and voting for only ONE unless the race allows for more. Do not use red ink, invisible ink, or even white ink. Making it difficult to read your signature on the affidavit envelope only slows down the Recorder's efforts

to verify your vote. Using weird inks on your ballot may make it unreadable and require duplication or adjudication.

Let me be specific. The duplication process means your ballot is taken and rewritten by a team of two (one from each party) onto a different size piece of paper in order to be run through a machine. If only a portion of the ballot is unreadable, then an adjudication team of two (one from each party) has to evaluate voter's intent, and then a second team of two has to agree. Both processes take time and require paid people to eye-ball your ballot and figure out what you meant.

Voters have also been filling in write-ins. Only those people who filed as official Write-in candidates with the Secretary of State can be counted. And, putting in a candidate whose name is already on the ballot will NOT be counted as two votes. Either case is a waste of your time and requires Elections employees to evaluate your ballot. For example, Mickey Mouse has never filed to run for any office in AZ. Sadly, if you mark the bubble for your preferred candidate and then fill in the bubble for write-in but DO NOT write in that candidate's name, then you have over voted and nothing will be counted for that race. Voting for more candidates than allowed for a race means you over voted and nothing will be counted for that race. Only vote the number allowed.

Check marks and Xs usually fall outside the bubbles and look like additional marks on the ballot which will have to be looked at by the adjudication board. All additional marks on the ballot have to be looked at, including scribbling to make your pen work.

Finally, the timing marks on the edges of the ballot are for the tabulation machine to know what race/candidate you are voting for. The timing marks are important only for the vote and do not reveal your name or personal information. So, please do not cut them off the ballot or "connect the dots" with your pen. If you have spare time with your ballot in hand, instead of scribbling on the ballot, please use that time to research races and candidates you don't know and vote down ballot. Judges, propositions, and non-partisan school boards will be on the November ballots and deserve your vote. The ballot in November will be long with two creases so treat it carefully so the paper doesn't tear.

Remember to read the directions that come with your mail-in ballot and then protect it.
