Intensive Reading Support Program

For children with
Moderate or Severe
Dyslexia

Extensive research firmly suggests that students with **moderate to severe** dyslexia require specific reading interventions delivered by a **specialist teacher, intensively and daily for 8-10 weeks** with an **extended follow-up period**.

It is also suggested that these interventions use a **Structured Literacy approach**.

Our Intensive Reading Support Program

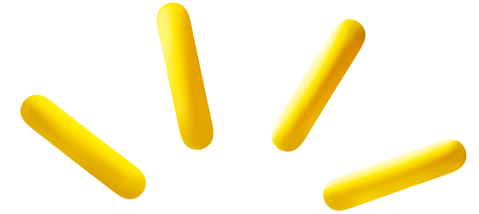

Program completed in two parts

Part 1: Intensive Period

- 3 to 4 students
- 2 hours p/day, 3 days a week
- 10 weeks (1 school term)
- Classroom teacher liaison
- Homework activities

Part 2: Follow-up Period

- One-to-one MSL Educational Therapy
- 1- 2hrs per week
- 40 weeks (4 school terms)
- Classroom teacher liaison
- Homework activities

Program places are **limited to 4 students** each term.
