

STATE INSTITUTE OF HOTEL MANAGEMENT

(Operated by Saksham Education Foundation)

Food and Hospitality has always been a key indicator portraying the cultural heritage of any region and practicing it through transfer of knowledge and skills, generation after generation has enabled us to preserve the same, which we have inherited from our Forefathers. We at State IHM Dimapur take pride to be one such organization who have newly evolved and are on the path forward in order to keep the flag flying high.

The Birth of Eastern India Culinary Association (EICA) is one such platform that has given an opportunity to the Students, Faculties, the Chefs who are working in the different hotels and allied fields to come together and be a part of this Gastronomic Family.

As an institute we feel extremely honored to have been associated with EICA, which has members with whom, I started my Journey as a Chef and those Mentors who have nurtured me to realize my dream of being a chef. "The Black Scarf is never bought, it is earned"

I believe that through the evolvement of Eastern Indian Culinary Association, the students as well as the other personnel related to the industry will have a voice as well as ideas, which could be shared, discussed and implemented.

East and particularly the North East has tremendous potential in the field of culinary, as there are in numerous tribes and their own local cuisine. I am sure with the association of SIHM Dimapur with Eastern Indian Culinary Association; we would be able to highlight this hidden treasure to the global world.

I once again wish Eastern India Culinary Association (EICA) the very best and conclude by saying that the "Sun Rises in the East"

Indranil Roychowdhury
