In recent years, the culinary world has undergone a remarkable transformation, with chefs emerging not only as creators of delectable dishes but also as cultural ambassadors and innovators. IHM Kolkata, takes pride in the fact that it has played a pivotal role in creating many eminent chefs for the global platform.

The Eastern India Culinary Association (EICA) is born out of a dream to support upcoming young chefs, entrepreneurs, and food connoisseurs, and we from the IHM Kolkata family is here to provide whole hearted support to this esteemed platform. We vouch to nurture and empower the culinary talents right from their budding state, offering them a platform to excel and make their mark on the global stage.

The journey of a chef is one of passion, dedication, and relentless pursuit of excellence. It is a path that demands creativity, resilience, and a deep understanding of the art and science of cooking. IHM Kolkata and EICA will join hands to create an opportunity for the future chefs to learn from seasoned professionals, gain hands-on experience and develop skills that will set them apart in the culinary world.

In this fast-paced world, where culinary trends are constantly evolving, we are committed to staying at the forefront of innovation and sustainability. We believe that the future of culinary arts lies in embracing new techniques, exploring environment friendly practices, and celebrating the unique flavours of our region and the world at large. With a focus on education, alliance, and community, I am sure IHM Kolkata and EICA can collaborate and strive to be a catalyst for positive change in the culinary landscape of Eastern India.

I wish Eastern India Culinary Association (EICA) all the very best for this wonderful venture.
