# ***USPIE's* October Millstone of the Month goes to The Galileo Church in Fort Worth for facilitating transgender surgeries for children**

*'The very idea that a church is putting its mission to spread the Gospel behind this liberal agenda is horrifying'*

COLUMBIA, S. C. — *United States Parents Involved in Education (USPIE)* awards the October [Millstone of the Month Award](#) to the leadership and congregation of [The Galileo Church in Fort Church, Texas](#), for their blatant disregard of biblical principles and the welfare of confused children. The church recently launched a grant program to transport transgender children out of state to receive gender-altering procedures. The church's website states that their mission is to provide "justice for LGBTQ+ humans, and support the people who love them."

*USPIE President and Founder Sheri Few commented, "The outrageous lengths to which these people are going to facilitate the mutilation of children is insane. Gender reassignment surgery is damaging to both the physical, mental, and emotional wellbeing of children. The very idea that a church is putting its mission to spread the Gospel behind this liberal agenda is horrifying. I urge people in the Fort Worth area to boycott The Galileo Church and its leadership. It's high time concerned citizens stood up for what's right regarding America's children. If we don't start protecting children from the insidious forces that intend to indoctrinate the future of the nation, soon it will be too late."*

The [Millstone of the Month Award](#) is a monthly recognition of an individual who is actively working to deceive, indoctrinate, or negatively impact children with leftist, anti-God propaganda. The name of the award is taken from Matthew 18:6, which says, "Whoever causes one of these little ones who believe in me to sin, it would be better for him to have a great millstone fastened around his neck and to be drowned in the depth of the sea."

*USPIE's* feature film, "[Truth & Lies in American Education](#)," uncovers the tragic truth about America's education system. Today's children are being indoctrinated by critical race theory,

explicit sexual education, anti-American ideologies, and Marxism — all without the permission or knowledge of their parents. “[\*Truth & Lies in American Education\*](#)” delves into the toxic propaganda being taught to America’s children and gives concerned parents and citizens the tools necessary to impact meaningful change right at the heart of America’s schools.

“[\*Truth & Lies in American Education\*](#)” is available for streaming on [SalemNOW](#), as well [available on DVD](#). For more information about “*Truth & Lies in American Education*,” [click here](#).

*United States Parents Involved in Education (USPIE)* is a nonprofit, nationwide coalition that seeks to return education to its proper local roots and restore parental authority over their children’s education by helping parents and local communities to escape federal and other national influences. It is the vision of *USPIE* to create a culture where parents, empowered with the authority to choose what and how their children learn, are the undisputed primary educators of their children, where local schools operate in support of families, and where education is unencumbered by federal mandates.
