About Us

MPB Health was founded over 10 years ago with a leadership team of 40 years of combined experience in the healthcare landscape.

At MPB Health, we believe healthcare should be affordable, transparent, and community driven. That's why we provide innovative, alternative solutions to traditional healthcare.

We are putting people in the driver's seat of their own health, with a refreshing approach that empowers them, and potentially shifts the focus of healthcare towards prevention and well-being.

Medical Cost Sharing (MCS)

A healthcare system built on community and shared responsibility, where members help each other through times of medical need.

Two-year look back for pre-existing conditions.

There is no lifetime limit on the number of eligible expenses that may be shared

Shareable maternity needs

Eligible medical expenses may be considered for sharing when traveling abroad

How it works?

MEMBERSHIP

You join our community by becoming a member and paying a monthly share fee. Think of it as contributing to a collective pool of funds.

SHARING THE BURDEN

When members incur eligible medical expenses, they submit a request for a medical need. The community then reviews the request and, based on guidelines, shares the burden of those expenses from the collective pool of funds.

TRANSPARENCY AND SHARED VALUES

Unlike traditional insurance, MCS operates with transparency. You'll have access to information about how the shared funds are managed and what types of expenses are eligible for sharing.

Initial Unshareable Amount (IUA)

Your qualifying medical costs are shared with the community once your paid medical expenses exceed your IUA. There are 3 different IUA amounts from which you can choose.

\$1,000
IUA

\$2,500
IUA

\$5,000
IUA

The IUA Explained

The IUA saves members money over conventional insurance when unexpected medical events occur. Let's look at the example of a broken ankle with our healthsharing community.

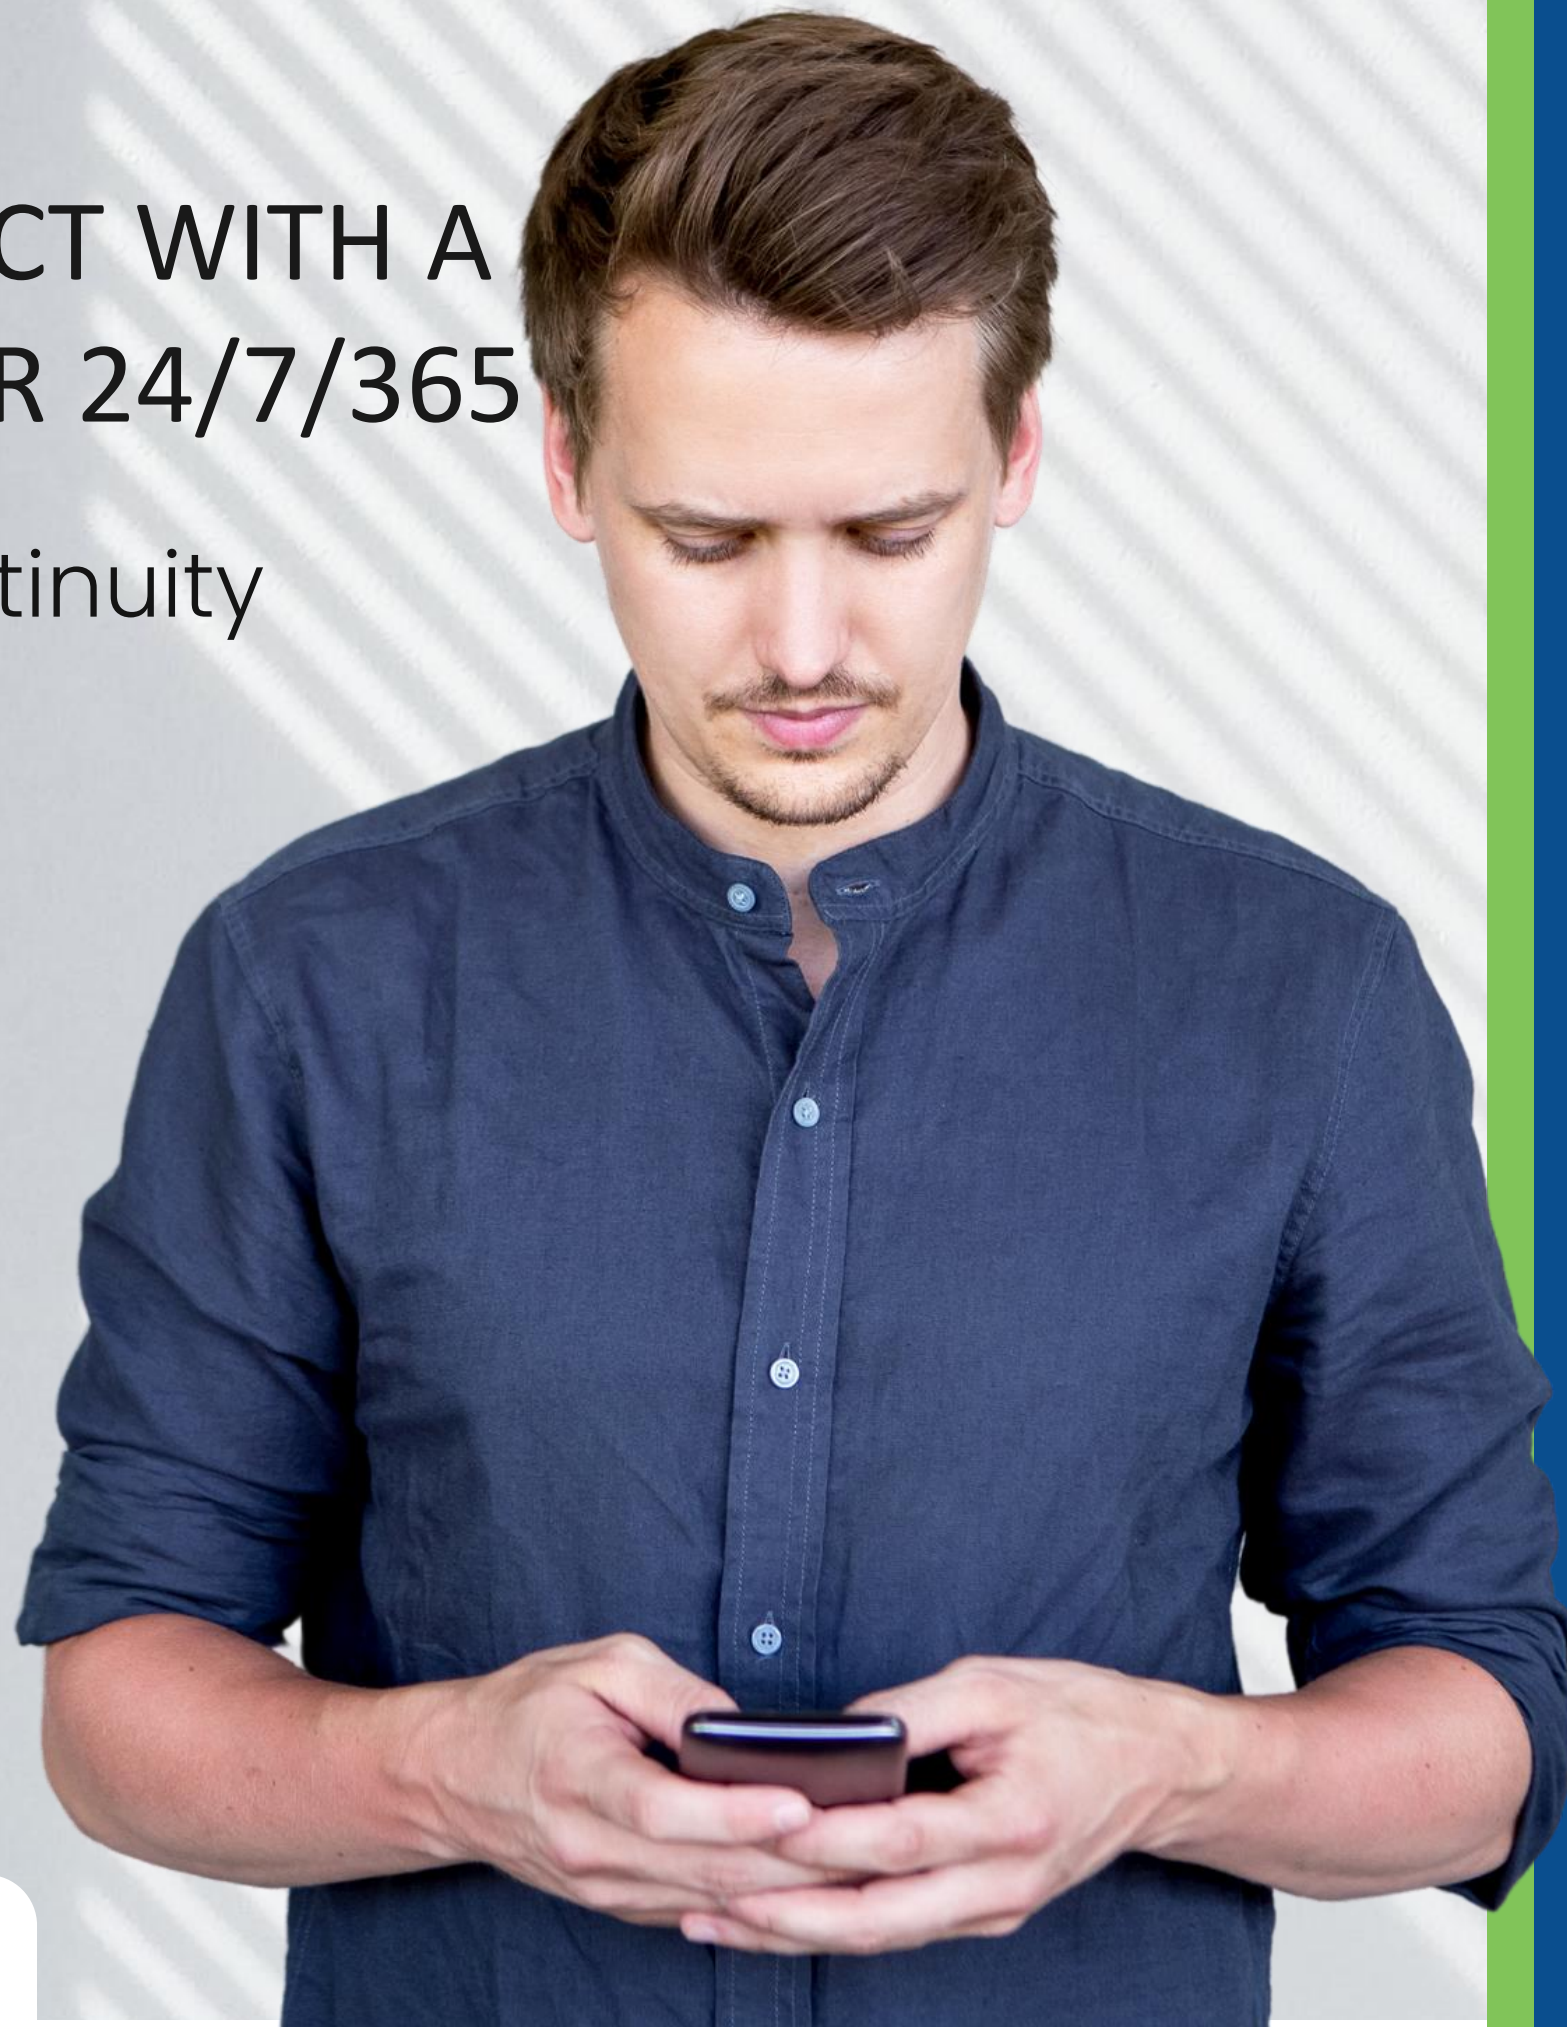

Emma	
Healthsharing with \$1,000 IUA	Cost Per Service
ER visit with X-Ray	\$2,500
Surgery	\$20,000
Follow up doctor's visit	\$400
Physical therapy	\$1,500
\$1,000	\$24,400
You Pay	(Total without health coverage)
