What is ALLIANCE FOR SHARED HEALTH

Alliance for Shared Health (ASH) is an IRS-approved 501(c)3 non-profit health share ministry. ASH facilitates the sharing of member medical needs between members based upon the sharing level at which each member chooses to participate.

- ASH is not a contract for insurance, but rather a community of people that share a common passion to change health care and change lives.
- ASH members have a global vision and are part of an international health share ministry.
- ASH members become international members of Bible Army International Church, however members maintain the church affiliation and/or membership of their choosing in the United States.
- ASH's predecessor has been sharing in health care needs since 1996.

Once you get an idea of the impact in what we are going to be able to do together, you can't help but get excited.

-CURTIS ANDERSON
ASH Board Of Directors

ASH members are part of a global vision to change healthcare and change lives. ASH's health care predecessor is Bible Army International Church (BAIC). They began in 1996, focusing on the widespread outbreak of HIV. Today, the largest killers include neonatal disorders, diarrheal diseases, and lower respiratory infections.

ASH is legally and contractually conjoined to its sharing predecessor – BAIC. ASH members share medical needs through this connection and are literally helping to save lives through the medical treatment it is helping to facilitate.

One dollar (\$1) per household per month from every U.S. based ASH member goes to support medical sharing in Ethiopia. Every U.S. dollar that is sent is the equivalent of \$7 dollars over there. ASH members have helped to fund a new pediatric hospital that will help fight severe malnutrition and neo-natal disorders. Children are living today because of ASH members global commitment.

ASH is not an insurance company, nor does the program represent a 'contract for payment'.

ASH members become part of a community of people that help each other through one of life's biggest challenges - health care access and cost. When you join ASH, you become part of ASH'S collective mission to change health care and change lives.
