Type of Program

Activity based

Details of the program

Title of the Training Program:
Basics of Instructional Designing to Enhance Performance of Learners

Duration of the program: 2 to 3 days

Mode of presentation:
onsite / online

It will be activity based and the participants will learn to suggest activities based on learning theories and create learning design to enhance HOTS

Basic outline of the program

- What is Instructional Design?
- Learning Theories
- Instructional Models
- Creating your learning design by incorporating activities
- Testing your objectives (creating assessment)

Faculty Development Program

Learning outcome

By the end of the program, the participants will be able to

- Create learning design based on learning theories and instructional models and suggest activities to enhance HOTS (Higher Order thinking Skills)

Dr. Ms. Kumuda Gururao
