EMERGENCY VALVE

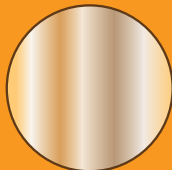

Your solution for repairs in the field!
The “winged spacer” design makes
installation as easy as twisting a wingnut.

- TOOL FREE installation
- Fits most standard .453” wheel openings
- Black, Orange, and Red spacers available

2 MINUTES FROM FLAT TO RIPPIN IT UP!

Installs from the
outside of the wheel

Quality 360
brass components

Installs in about
1 minute on-location

20X stronger than
standard valves

Made in the USA
