Janet Vogel ODS-C Compliance & Quality Audit Manager-Registry Services, Omega Healthcare Services. Janet has over 30 years' experience in health care. She specializes in the areas of Cancer Registry Operations and Cancer Registry Education.

Pam Irwin holds an Associate's Degree in Medical Administration and maintains dual certifications as a Certified Medical Coder and Certified Oncology Data Specialist. With a strong foundation in cancer registry operations, Pam began her career at a local hospital, where she spent four years honing her skills in data collection, quality assurance, and compliance. In 2021, Pam joined Registry Partners, where her commitment to excellence and deep understanding of oncology data quickly earned her a promotion to Accreditation Consultant. In this role, she leverages her extensive knowledge of Commission on Cancer (CoC) Standards to guide healthcare facilities through the accreditation process. Pam provides strategic support and technical expertise to ensure each program she consults with meets standard requirements and achieves successful site reviews. Pam has been a member of the Alabama Cancer Registrars Association for 7 years, currently holding board roles of secretary and is treasurer elect

Ashley Maxey, BSRT(T), ODS

Ashley is a former radiation therapist who decided to switch fields in the midst of her own cancer journey. She currently works at Inova and concentrates on prostate and breast cancer cases. She also shares responsibility of inputting radiation codes for the five facilities under the Inova umbrella. She has presented for NCRA, the state of Michigan and the state of Maine.

Jeanie Hartley,ODS

Abstracting Corpus Uteri

Jeanie Hartley is a National Account Manager at Medovent Solutions based in West Palm Beach, Florida. Previously, was a Manager, Oncology & Clinical Research at Q-Centrix and also held positions at Ciox.

Theresa Real,ODS

Theresa has over 20 years' experience in Cancer Registry, spending the majority of her career in management level positions. Theresa started as a Quality Manager with Registry Partners in 2011, and was later promoted to the position of Quality Consultant (SME). In this role, Theresa mentors new and aspiring Oncology Data Specialists. She also maintains a quality role, providing QC for Standard 6.1 for facilities. Additionally, Theresa is an Adjunct Professor at University of Cincinnati in the Cancer Registry Management Program.
