TRADE FAQs

Last update: 5/22/26

Q: When can my clients start redeeming their benefits?

A: Benefits will be available on sailings starting June 11, 2026, and onward.

Q: Which benefits will my clients enjoy on every sailing after reaching a milestone?

A: Once they reach a milestone, your clients will enjoy these benefits on every sailing *(benefits based on the milestone)*:

- At 1500, 2250, 3000, 6000, 9000 Point Milestone:
 - o Complimentary digital photo(s)
 - o Specialty dining cover charge discount
- At 2250 Point Milestone:
 - o Extend Your Stay *(where available)*
- At 6000, 9000 Point Milestone:
 - o Complimentary specialty lunch
- At 1500, 2250 Points Milestone:
 - o Premium Wi-Fi minutes

Q: Which benefits are only redeemed once?

A: These exclusive benefits are offered one time, on your clients' first sailing after reaching a milestone:

- At 1500, 2250, 3000, 6000, 9000 Point Milestones
 - o A surprise in-room amenity
- At 6000, 9000 Point Milestones
 - o Bottle of champagne
 - o Complimentary specialty dinner

Q: My client just reached a milestone and completed their first sailing at that milestone prior to June 11, 2026. Can they still receive any of the one-time benefits that come with that milestone?

A: No. Milestone benefits take effect on sailings starting June 11, 2026, and onward. We're unable to make exceptions for any one-time milestone benefits, including the in-room amenity, champagne, or complimentary specialty dinner. However, your clients will still be able to enjoy all ongoing milestone benefits on sailings after June 11.

Q: My client applied points from Royal Caribbean's Crown and Anchor, or Silversea's Venetian Society to Celebrity Cruises. Will those points count toward milestone benefits?

A: Yes—points transferred through Points Choice are included in your clients' overall Club Points balance. They are not separated or excluded, and they will count toward reaching their milestone and unlocking associated benefits.

Q: My client is an Elite Plus or Zenith member through Status Match—are they still eligible for Milestone benefits?

A: Benefits are based on Club Points earned, so your clients only qualify once they've reached the required Milestone Club Point threshold. To unlock these benefits, they'll need to reach the required point thresholds (1,500; 2,250; 3,000; 6,000; or 9,000 Club Points), regardless of their tier status through Status Match. To reach these thresholds, they can sail with Celebrity Cruises and/or transfer points through Points Choice from our sister brands to build toward their milestone and enjoy the associated benefits.

Q: My client already receives premium Wi-Fi minutes and specialty dining discounts as an Elite Plus or Zenith member. If they reach a milestone, will these benefits stack?

A: No, these benefits do not stack. Once your clients unlock a milestone, the associated premium Wi-Fi minutes and specialty dining discount will replace the ones they previously received at their tier level.

Q: What if I have additional questions about Loyalty Milestone? Who can I contact for support?
