Storytelling Workshop

Personal Stories of Expanded Love

Did you know? 55% of the adult US population identify as LGBTQ+ supporters.

And... the percentage of US adults who self identify as gay, bisexual, transgender or something other than heterosexual is 9.3%.

Yet... anti-LGBTQ+ mobilization has significantly increased in recent years. Legislation targeting LGBTQ+ rights more than doubled this year and 26 states now have book bans in place banning books with a LGBTQ+ people or themes.

So... anti-LGBTQIA+ rhetoric, violence and legislation at the state level are on the rise even though the LGBTQ+ community is growing and some federal protections have been put in place.

WHY? Because, we (Allies and the LGBTQ+ Community) are not as visible and verbal as the LGBTQ+ hate movement.

WHY ARE WE LESS VISIBLE?

HATE IS ORGANIZED.

Hate groups are grassroots, highly organized and constantly taking action. They have won significant battles at all levels of American government and society - from local school boards to the federal courts.

We (Allies and the Queer Community) are not as organized and actionable. We tend to rely too heavily on huge political organizations like HRC and PFLAG to do the heavy lifting, counteract the hate and solve the problem.

WE CAN AND WILL CHANGE THAT.

Bursting Through is a Social Justice Movement for Allies and the Queer Community.

We are casting aside the belief that safety and good
quality of life for your LGBTQIA+ loved ones
is the responsibility of politicians or
huge non-profit organizations.

That responsibility belongs to all of us.

We understand Allyship is a principal part of the Queer experience but is often neglected, ignored or discounted. Bursting Through awakens all Allies to the power of their voices in creating the loving, accepting, and inclusive world we all want.

OUR SOLUTION: Storytelling Workshops

Bursting Through Storytelling Workshops will:

1. Be intentional about counteracting LGBTQ+ hate by connecting people at the grassroots level.
2. Strengthen community by connecting Allies and the Queer Community through the power of storytelling.
3. Empower Allies with the actions to take and how to take them safely and effectively.

THE STORYTELLING WORKSHOP STRUCTURE

Part I: Storytelling

Bursting Through Founder, Steve Petersen begins each Workshop with sharing a relevant and powerful story from **Bursting Through's** library.

Part II: Your Story

Following the story is a guided discussion leading to an interactive experience allowing your workshop participants to explore and share their **Allyship** stories.

Part III: Understandings and moving forward

In the final part of the workshop, Steve summarizes what your participants, as a group, have realized and gives concrete steps to move forward.

"I can't express how grateful I am to Steve Petersen and for the incredible work being done by Bursting Through. We were proud to host a joint session with Bursting Through at our 2022 State Party Convention and were amazed not just by the incredible stories that were shared there but by the conversation and community it fostered and the inspiration we were left with.

Now more than ever, we need to hear the voices of our LGBTQ+ community, and the phenomenal work Bursting Through is doing is not only giving those voices a platform but bringing activists, advocates, and allies together!

The stories that Bursting Through offers are so much more than just reminders to value and care for each other - they're calls to action. They're living records of the ongoing struggle for true inclusion and equality, and just as importantly, they serve as all-important proof that the battles we face, no matter how difficult, can be won!"
