

PRE-SCHOOL ENROLLMENT

WILL YOUR CHILD BE READY FOR KINDERGARTEN?

Many children begin kindergarten without the essential skills needed to thrive. At LCS, our Kindergarten Readiness Program is designed to help pre-K students develop these foundational skills through play-based learning. This is a research-backed approach where children learn through hands-on activities, exploration, and guided play.

Through games, creative projects, and interactive experiences, our students build early literacy, math, social, and problem-solving skills in a fun and engaging environment. This approach not only prepares them for kindergarten but also fosters curiosity, confidence, and a lifelong love for learning as they begin their Legacy Learning!

ENROLL IN LCS PRE-K TODAY AND KICK START YOUR CHILD INTO ACADEMIC EXCELLENCE!
