

Brezler, LLC

The insights you need, the name you trust.

Does your organization have one of these problems?

- Is your project portfolio generating piles of untapped data?
- Are you managing its data flows, analysis, and strategic planning properly? Odds are there are areas for improvement!
- Your organization could be missing opportunities for sales, efficiency, revenue by not seeing your data from a different perspective.

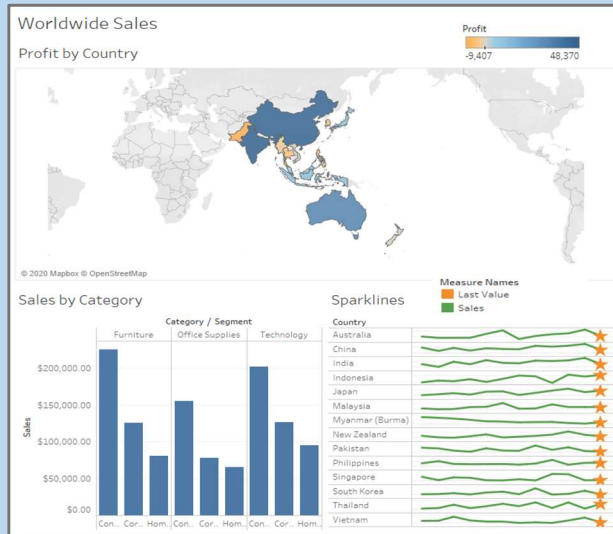

Solution:

- Brezler, LLC – we do this for you. All you have to do is outsource this function to us.
- We employ the gold standard software system in order to **analyze**, **visualize** and **plan** from your data.
- We utilize experts leveraging Tableau Data Analytics, Prep, and Reader for your benefit.

Services:

Single, snapshot report
Fixed fee

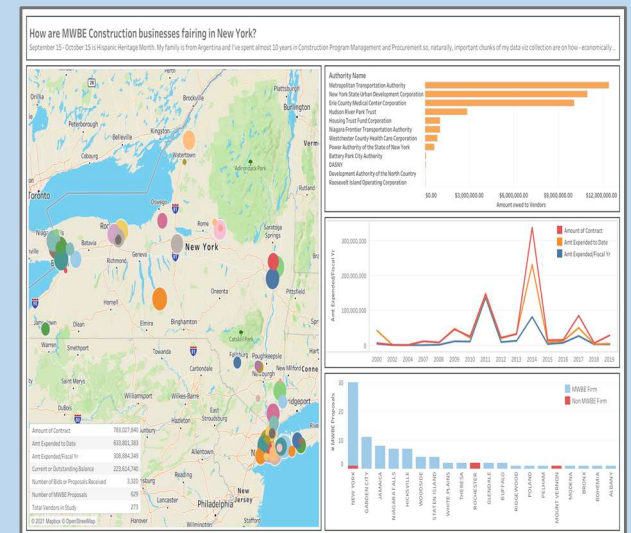

We send you preformatted spreadsheets, provide guidance on filling it out, and produce a snapshot view of your project(s), organization, or market.**

Monthly reporting
Subscription price

Ongoing analytics that provides trends, granularity, and the ability to ask more questions of your data.**

Time & Materials
Billed Hourly

Evaluation of your data needs and resources, customized planning to make you a more data centric decision-making organization. °

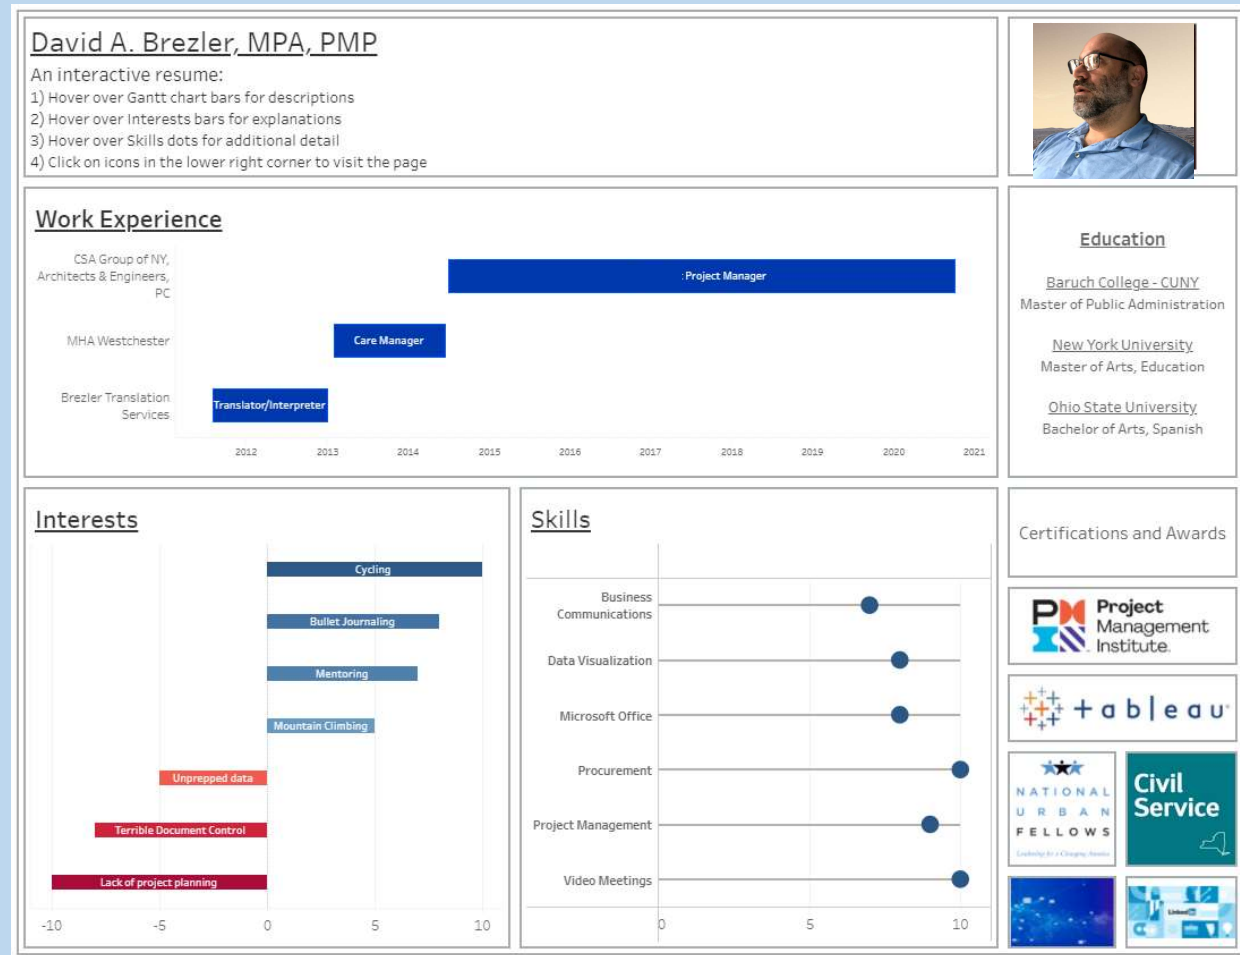

°Additional hardware/software at cost.

**Reports come in styles from pre-formatted to customized so you can tailor the analysis you are receiving for a more refined result.

So, do *you* data?

That's a lotta data

- We do the heavy lifting for you so you can spend more time making critical decisions and focusing on your business.
- We identify opportunities to increase sales, efficiencies and expand your revenue.
- Questions? Ready to get started? Reach out to us via our contacts below.

Would you like to have one of these? Brezler, LLC can produce it for you!
