Demand, Supply, Quality, Price & Service

Five factors listed above are decisions companies use when deciding what printing products/services they wish to employ for the following 3 areas.

- 1) Purchasing quality cost effective printed products or services to effectively supply or help run their own business
- 2) Purchasing quality cost effective printed products for resale to their clients or as part of their product line packaging, labels etc.
- 3) Purchasing quality cost effective printed products to promote their business. Example Catalogs, Brochures, Ads.
