

PRESS RELEASE

John Linnehan Republican For Maine Senate

District 7

Hello. I'm John Linnehan and I want to be your Republican Senator in the Maine Senate! I believe that it is my Spiritual, Political, Civic, and Financial duty to stand publicly and boldly for what I believe is Biblical, right, and moral.

That's why I am taking an active role in the 2020 elections starting right now!

Statesman, Edmund Burke famously said "the only thing necessary for the triumph of evil is for good men [and women] to do nothing." Recognizing the value of "good women" I edited Edmund Burkes quote to add "good women"

#1, I believe that in order to Make America Great Again and Make Maine Great Again, "we the people" need to first make them GODLY again!

My goal is to lovingly show the people of Hancock County, the people of Maine, and the people of America, the Truths of God's Word, the Bible.

For me personally it always starts with showing the Truth of God's love for every man, woman, boy and girl everywhere. God's Word simply demonstrates His great love by telling us His great plan of salvation through His Son Jesus. Jesus made the Supreme sacrifice when He died on the cross to pay the penalty for our sins approximately 2,000 years ago.

Because of His death, burial, and resurrection, we can know that when we die physically our spirits and our souls can spend eternity in Heaven with God.

The Book of Acts, chapter 16 verse 31 says, "Believe on the Lord Jesus Christ and you will be saved!"

By running for the Maine Senate, God has given me a platform to speak His Truth in love. I believe that only by a return to the Godly Christian Principles our country was originally founded on can we make our country great again.

Secondly, yet very important, I've always believed that our "spending determines our ending"! I want to make sure we wisely prioritize our expenses and reduce our spending so "we the people of Maine" will end well financially!

We need to be good stewards of everything that God has given us including the environment. I believe we can easily do that by reviewing every budget expense, line by line. Then drastically reducing unnecessary spending and significantly cutting taxes for each individual and each business.

As a businessman, I know we also need to reduce the amount of burdensome regulations that have been imposed over a long period of time by a majority of our current legislators. Please vote for me and join our team today! Together "we the people" will make a positive impact spiritually, politically, morally, and financially in our great state and our nation.

Together "we the people" will Make America Godly Again by first Making Maine Godly Again beginning with making ourselves Godly Again, individually. Thank you and may God bless you!
