### First Aid/CPR/AED/Narcan

September 24th, 2018

0830-1630

Charleston Police Training Facility  
1251 W. Madison  
Charleston, Il. 61920

Submit enrollment to:  
217-345-3344  
ecimlett@gmail.com  
www.mtu13.com

**Please enroll at least 2 business days prior to training**

**Course Description:** This class will teach the officer basic first aid as well as life saving skills needed to properly administer CPD and AED (Automated External Defibrillator). For those of you who have never used an AED, this is one piece of equipment that you need to have in your squad car and know how to use. My guess is that if it is not already in your squad car, it will be one day soon. Luke is also going to teach the officers how to use Narcan. Narcan is the brand name for Naloxone, an opioid antagonist medication used to reverse the effects of opioid overdose. Knowing how to use this product can save lives.

**Instructor:** Luke Wilson is an officer from the Mattoon Police Department who is also a trained nurse. Luke has been kind enough to put this training course together to bring these skill sets to our area law enforcement officers.

This course is funded  
by the Illinois Training and Standards  
Board.

#### Observed Mandates Include:

Procedural Justice

#### Directions:

**From Rt. 316 (West State Street in Charleston).** Turn South on Decker Springs Road. Take second right hand turn and follow the road around the curve. The training center is on your left.

**From Rt. 16 (Reynolds Drive, This intersection will have a Marathon Station on the south side of the street and Lincoln Gardens Family Restaurant on the north)** Turn north onto Reynolds Drive and follow that to the bottom of the hill where the road comes to a T. <-> Turn left and follow the road. It will take you under the railroad tracks. The road curves to the right, around a large building in the middle of the road. The training center will be just past it on the right.

**GPS Coordinates of training building:** 39.49319144

-88.19841767

**Google Maps understands GPS better than it does the address**
