### Overview

These New Mexico Tech courses provide technical operations and awareness training for law enforcement, firefighters, EMS,

school administration and other personnel who have a significant responsibility for responding to Weapons of Mass Destruction (WMD) incidents involving explosives and incendiary materials.

The Understanding and Planning for School Bombing Incidents (UPSBI) course is specifically tailored for prevention and response to school bombing incidents. The Incident Response to Terrorist Bombings (IRTB) course focuses on response protocols to situations involving all types of explosives and/or threats pertaining to the criminal use of explosives.

### Classroom Topics

- Understanding the Terrorist Threat
- Recognition, capabilities, and hazards associated with commercial, military, and homemade explosives
- Recognition of Improvised Explosive Devices (IEDs)
- Prevention, response, and mitigation
- Safety Issues/Considerations/Preparedness Plans
