Now more than ever we understand the value of good forensics. The ability of police to solve crimes is directly proportionate to their ability to understand the crime scene itself. Understanding forensics is understanding the crime scene. This course will enable you or your officers to better understand the crime scene, better understand what to do and what NOT to do when they arrive. What to preserve and what to look for when they arrive at the scene of the crime. This is not designed to be a lecture class but a hands on course on understanding what to look for, how to properly handle the crime scene and how to take photographs, castings and impressions of evidence at the crime scene. Detectives and patrol alike will gain valuable knowledge from this class.

Class space will be limited so please sign up early.

Directions:

From Rt. 316 (West State Street in Charleston). Turn South on Decker Springs Road. Take second right hand turn and follow the road around the curve. The training center is on your left.

From Rt. 16 (Reynolds Drive, This intersection will have a Marathon Station on the south side of the street and Lincoln Gardens Family Restaurant on the north) Turn north onto Reynolds Drive and follow that to the bottom of the hill where the road comes to a T. <-> Turn left and follow the road. It will take you under the railroad tracks. The road curves to the right, around a large building in the middle of the road. The training center will be just past it on the right.
