Brett Compton is here to conduct another Active Shooter/ Rapid Response Class. I do not need to try and sell you on the importance of this class. When things happen, then happen fast and you will need to have the skill set in order to face the threat. If you have not attended one of Brett's classes, this is a great time to come. You will not be disappointed

Please bring your full gear— Weapons unloaded, magazines empty. There is no live ammunition allowed in the training area. You can leave it at home or lock it up in the car, but it cannot come into the training area.
