This course was developed to assist officers from smaller agencies who lack easy access to qualified firearms instructors. All course instructors are Master Firearms Instructors certified through the University of Illinois Police Training Institute. They will cover range and safety protocols, weapon presentation, shooting positions, marksmanship, tactical reloading, malfunction drills, and analysis of common shooting deficiencies. Course instruction will allow ample time for diagnosis and correction of individual problems associated with officer pistol skills.

At the end of the day, each student will shoot the 50-Round State Qualification course of fire. A final, validated score sheet will be provided to the student's employing agency for internal documentation and for submission to the Law Enforcement Training and Standards Board. The instructional staff will distribute and review the State Board's Use of Force Brochure (revised 10/2016) for annual compliance.

Note: Each student must provide 300 rounds of pistol ammunition.

#### **Topics**

Range and Safety Protocols

Weapon Presentation

Stable Shooting Positions

Marksmanship

Tactical Reloading

Malfunction Drills

Common Shooting Deficiencies

Target Analysis

Corrective Action

50-Round State Qualification

#### **Instructor Information-**

Your main instructor for this is Dan Auterman. Most people know Dan as he was on staff at the Police Training Institute and is a highly respected pistol instructor. Assisting him will be various instructors depending on the number of students attending. Sheriff (retired) Jerry Parsley will be the first assistant with other joining in as the attendance rises. This really is an opportunity to get some one on one attention to your shooting skills. If your skills are not where you feel they should be, please take this opportunity to receive training from some of the best in the business.

#### **Observed Mandates Include:**

**Use of Force**

**Law Update**
