Brett Compton is your instructor for the class and will be working with officers on this important topic. I do not need to try and sell you on the importance of this topic, all anyone has to do is read or turn on the news and you will see more than I can describe in this space.

Please bring your full gear– Weapons unloaded, magazines empty! There is no live ammunition allowed in the training area. Leave it at home, lock it up in the car, whichever you choose, but we cannot have it in the training area.
