FLIP'N ART

(512) 831-1709

<https://www.facebook.com/flipnart>

Hi Bee Cave neighbors! Thank you for adopting our business. We are excited to introduce ourselves and our passion for art to you. Our Flip'N Art story: Creativity Takes Courage.

If you told me seven years ago that I would be introducing myself as the owner of an Art Gallery, and that my husband was one of Austin's most collected artists, I would have NEVER believed you. Thankfully I was blessed to meet Lewis (aka Chacasso) and fall in love with his sweet, loving, kind spirit. It wasn't until after our engagement that I saw how talented he was an artist. Like so many artists, he had put his gift on hold while pursuing financial success in the 'real' world. I was a freedom-preneur running a successful organization when I lost my income due to a bad partnership. Out of desperation we hit South Congress to sell all the incredible art Lewis was creating every day. This is where Austin comes in. Our great, amazing, wonderful city. The support we experienced was incredible and lit a fire in us that still fuels us today. For two years we turned SoCo into an art party and met thousands of art lovers and artists from around the world. Along the way we developed a business plan to help connect the community to local artists and make a way for everyone to own original art. Nov 18th, 2018 we opened Chacasso's studio and Flip'N Art Collective in Bee Cave right across from H&M.

The last year and a half have been a huge learning experience and we were just about to scale our business when Corona stopped us in our tracks. Creativity takes courage and thankfully we have stayed focused on our goals and have managed to keep our doors open and employees on board.

Like most businesses though, this holiday season is critical for our survival and we need all the help we can get. The good news is my husband's incredible talent and work ethic have built a catalog of over 300 original works of art.

Art that inspires, brings joy and heightens energy and is ready to beautify your walls or make the perfect gift.

To thank you all for Adopting our Business, we would love to invite you to our Gallery and receive a FREE art print when you mention "BeeWomen".

Weekends are the best because Chacasso paints live outside from 1-6 pm. We look forward to meeting you all. Story to be continued....
