Financial recap:

Came out about \$2200 ahead for the season.

Collected \$525 for the Competition. We will offer them a choice of a refund or to donate the money to the club.

Ice fees for the upcoming season will be \$205-210. Expecting APEX to be \$210/hr. Fees collected for ice time did not cover ice costs, but other areas covered the shortfall. Goal should be to have ice fees cover ice costs so that other collections can be directed toward the intended areas.

Martin will make a PDF out of the financials and post on the club website.
