

2021 highlights.

Through your support, Dignity4Girls impacted the lives of the most vulnerable, giving hope and life-saving resources to girls, women and families in Kenya and Liberia. Join us in praising God for his faithfulness.

Food Distribution

2,204 lbs of maize, beans, rice, and cereal were provided to families through the combined efforts of D4G and the Love Like Lija Foundation. Many day laborers lost jobs due to lock-downs and curfews causing families to struggle to feed their children.

Kenyan Sewing Enterprise

1084 face masks & 1077 feminine hygiene kits were sewn and distributed by the Kenyan Sewing Enterprise. Because of lock-downs, the women sewed from the safety of their homes. When schools reopened the washable pads allowed girls to return to school.

Hens & Goats

36 hens & 8 goats were given to vulnerable families, increasing nutrition and health. Two Kenyan families who previously received goats through D4G donated back their offspring goats, blessing others as they had been blessed.

Hen Farm

3,150 eggs were distributed to food insecure families through the Grace Community Center-Kisii (GCC-K) in 2021. The farm added geese for the protection of the hens as they are quick to sound an alarm and chase predators away.

Naomi Graduates!

One of our first scholarship recipients, Naomi, graduated in August from a two-year sewing school. We are proud of Naomi and her faithful work, even during a pandemic. Naomi was gifted with a sewing machine allowing her to provide an income for herself.

Soap Enterprise

1,700 liters of soap were produced and given out through GCC-K. The electric mixer donated by D4G in early 2021 allowed for a 700-liter increase from last year when the team was mixing by hand.

Liberia

541 U.S. sewn Days for Girls kits were sent to the Liberian Children's Ministry. Many DfG Teams in WI, IA and IL sent kits to D4G in 2021, helping us prepare for an even larger shipment in 2022.
