

A close-up, low-angle shot of a white TOTO Washlet toilet seat. The seat is partially open, revealing the bidet sprayer nozzle and the control panel. The control panel features a small digital display and several buttons, including a green one. The background is a soft, out-of-focus white, emphasizing the clean and modern design of the product.

BROCHURE

TOTO . washlet®.

BENEFITS OF CLEANSING WITH WATER

WASHLET brings a new, refreshing lifestyle to the Americas.

Cleansing with warm water after using the toilet provides an exceptionally clean feeling. WASHLET's self-cleaning wand is fully adjustable, allowing users to set the precise temperature and spray type for comfortable intimate cleansing.

HOW IT WORKS

Easy and convenient to use.

* eWater+ is available in WASHLET S300e & S350e only

INSTALLING WASHLET®

IS MUCH LIKE CHANGING A TOILET SEAT,
BUT THE FEATURES AND BENEFITS

FAR EXCEED

ANY TOILET YOU'VE EVER OWNED.

WASHLET CLEANSING FUNCTIONS

With the touch of a button, a wand extends from under the seat for soothing warm-water cleansing.

REAR

The rear spray is designed to clean the rear intimate area. It features pleasant, yet strong water pressure to target this specific area.

REAR SOFT

It has a larger radius to cover more space. Low water pressure makes for a soft, comfortable spray.

FRONT

The front wash consists of large, soft drops for comfortable intimate cleansing – for a clean, fresh feeling.

WIDE FRONT

It has a larger radius to cover more space. Low water pressure makes for a soft, comfortable spray.

**On WASHLET S350e & S300e only*

WASHLET HYGIENE FUNCTIONS

For a pristine experience every time.

SELF-CLEANING WAND

The self-cleaning function cleans the entire wand before and after each use.

PREMIST™

Using the incoming water supply, a pre-mist wets the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.

eWater+

Electrolyzed water is a proven disinfectant used in food preparation and cleaning. After each use, TOTO's eWater+ mists the bowl with electrolyzed water, reducing the need for harsh cleaning chemicals.

**On WASHLET S350e & S300e only*

WASHLET

COMFORT FUNCTIONS

Focused on your satisfaction.

DEODORIZER

The deodorizer effectively cleans the air around the toilet using powerful filters. Air is drawn in, passing through an ionized carbon filter to eliminate unpleasant odors.

HEATED SEAT

The specially designed, contoured seat is heated to provide maximum comfort. An integrated sensor maintains the desired setting between 82°F and 97°F.

SOFTCLOSE® LID

The SoftClose lid closes gently to eliminate seat slamming. The S350e & G500 model lids are activated by sensors for automatic opening and closing.

HANDS-FREE DRYER

Enjoy the ease and comfort of hands-free drying with the temperature-adjustable warm-air dryer.
