
Terms & Conditions

Payment: Payment terms are Net 30 days upon credit approval unless otherwise indicated per invoice. We accept Visa and Mastercard; 4% fee applies. Late invoices are subject to 1.5% finance charge per month. Native Trails reserves the right to alter payment terms to 'prepaid only' or to place account on credit hold at any time. Any disputes involving past due accounts will be resolved through the California legal system and buyer will pay all attorney's fees and other costs incurred by Native Trails in collecting delinquent payments.

Shipping: Orders are shipped FOB shipping point from Native Trails distribution center via best carrier.

Full Freight Allowed (FFA): Purchase orders over \$3,000 net shipping within the United States and over \$3,500 net shipping into Canada receive FFA. Bathtubs are not eligible for FFA. Purchase orders may not be combined for FFA.

Flat Rate Shipping: Bathtubs, vanities, NativeStone® kitchen and trough sinks, other oversized items - and anything that ships LTL on a standard pallet - are shipped at a per standard pallet flat freight rate of \$110 in California, \$185 elsewhere in the contiguous United States, \$225 for Western Canada, and \$250 for Eastern Canada. This may include a full vanity suite or any combination of products that ship best LTL. Oversized and additional pallets incur an additional cost of \$75 per pallet. (Bathtubs do not incur oversize pallet fee as they are crated, not palletized.)

This flat rate policy means that shipments not qualifying for FFA will never cost more than this flat rate, per shipment, unless other fees or terms apply.

Flat Rate and FFA shipments include handling fees applicable for dock-to-dock delivery only; customer is responsible for any additional charges such as residential deliveries, liftgate use, etc.

Canada: Customer is responsible for payment of any customs fees, brokerage fees and duties for shipments into Canada.

Prices: All prices are determined by prevailing prices at time of order unless otherwise contracted in writing. Prices are subject to change without notice. All prices listed are in US dollars.

Custom Orders: Custom order quotes are available only to Premier level dealers with sound credit standing. Native Trails reserves the right to decline to quote any custom order request at our sole discretion. Lead time for custom orders is approximately 8-14 weeks. Custom or non-catalog orders require a \$150 net custom order fee in addition to quoted price and may not be canceled or returned. To request a complimentary custom quote, Premier level dealers should contact our Customer Service Department and allow up to 2 business days for quote. Products typically eligible for customization include copper products and Americana bath vanities. NativeStone cannot be customized, other than faucet hole configuration on trough sinks or Palomar vanity tops, which require a \$75 net customization fee. Vanity top cut-outs may be customized to alter basin placement or faucet holes; these orders also require a \$75 net customization fee.

Returns: Notification is required prior to a return. Please call for a Return Goods Authorization number (RGA#). Merchandise returned for reasons other than damage or defect is subject to a 25% restocking fee after 90 days of invoice date. Buyer is responsible for the merchandise's safe return; goods damaged during return transit may be subject to additional fees. We strongly recommend insuring all returns and using the original packaging materials to avoid transit damage.

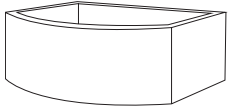

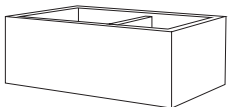

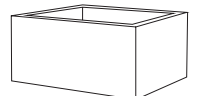

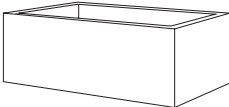

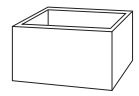

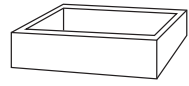

Claims: Shipping damage or shortages MUST be reported within 10 days of item receipt and all original packaging materials maintained; otherwise, neither Native Trails nor the freight carrier will honor the claim. Bathtub damage claims must be made BEFORE removal from shipping crate bottom; otherwise claim will not be honored. We are not responsible for damages incurred during or after installation of products.

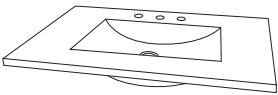

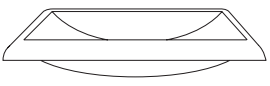

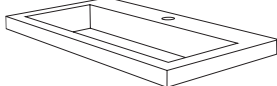

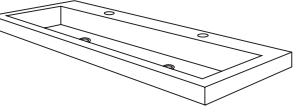

General Information

Lead Times: Most orders ship complete within 72 hours. Customer will be notified with an expected date if lead time is extended. Please call to verify current lead time for nickel finish bathtubs.

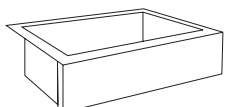

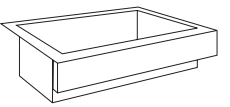

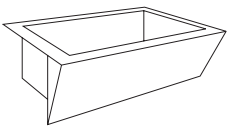

Finishes and Variances: Our products' handcrafted nature lends to dimension variances up to 1/4" on NativeStone® products, and up to 1/2" on all other handcrafted products. Finishes may vary in hue, texture and pattern, making each item that we produce a one-of-a-kind piece of functional art. These variances are not considered defects.

UMAP: In order to uphold our superior brand and image, Native Trails maintains a Unilateral Minimum Advertised Price (UMAP) policy. Accordingly, our UMAP indicates 25% less than List Price for kitchen & bath products. This policy in no way affects buyer's right to determine actual resale prices. Please contact your sales representative to receive our detailed UMAP policy.

26" SINK UNDERMOUNT KIT
UK1426 - \$58

47" SINK UNDERMOUNT KIT
UK2547 - \$74

- Simple, secure method for undermount sinks.
- Highly recommended for NativeStone® sinks.

NATIVE TRAILS MetalProtect™

4oz - SKIT4-C - \$39.95

16oz - SKIT16-C - \$119.95

Perfect for polished metal finishes, Native Trails MetalProtect is an easy-to-apply, long lasting barrier against tarnishing and fingerprints on copper and nickel sinks and tubs, providing many months - or even years - of maintenance-free use.

NativeStone® Sealer

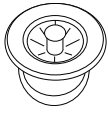

4oz - SKIT4-NS \$19.95

16oz - SKIT16-NS \$49.95

NativeStone Sealer is an exclusive, long lasting nano-sealer that binds with the molecules in the concrete, making NativeStone exceptionally stain and scratch resistant.

Sink and Tub Accessories

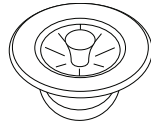

Kitchen / Bar

2" JR. STRAINER - DR220

- * Bar & Prep
- * Features center post with double o-ring construction for tight seal and durability

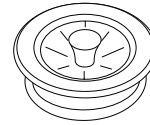

DR220-BN Brushed Nickel - \$105
 DR220-CH Chrome - \$78
 DR220-ORB Oil Rubbed Bronze - \$105
 DR220-PN Polished Nickel - \$105
 DR220-SC Solid Copper - \$158
 DR220-WC Weathered Copper - \$105

3.5" BASKET STRAINER - DR320

- * Bar & Prep | Kitchen
- * Features center post with double o-ring construction for tight seal and durability
- * Coordinates with Disposer Trim

DR320-BN Brushed Nickel - \$129
 DR320-CH Chrome - \$109
 DR320-ORB Oil Rubbed Bronze - \$129
 DR320-PN Polished Nickel - \$129
 DR320-SC Solid Copper - \$195
 DR320-WC Weathered Copper - \$129
 DR320-PSC Polished Solid Copper - \$195
 DR320-MB Matte Black - \$129 (av. 4/1/18)

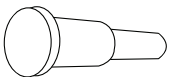

3.5" BASKET STRAINER W/ DISPOSER TRIM - DR340

- * Bar & Prep | Kitchen
- * Features durable o-ring construction for a tight seal
- * Coordinates with Basket Strainer
- * Fits ISE type disposer units 3 3/8" ID (Insinkerator, Kitchen Aid)

DR340-BN Brushed Nickel - \$134
 DR340-CH Chrome - \$110
 DR340-ORB Oil Rubbed Bronze - \$134
 DR340-PN Polished Nickel - \$134
 DR340-SC Solid Copper - \$185
 DR340-WC Weathered Copper - \$134
 DR340-PSC Polished Solid Copper - \$185
 DR340-MB Matte Black - \$134 (av. 4/1/18)

Bath Sink

1.5" DOME DRAIN - DR120

- * Elegantly covers entire drain area of basin
- * Dome does not seal water in bowl; it is designed for basins without overflows
- * Maximum threading for easy installation
- * All exposed parts plated
- * UPC/cUPC compliant

DR120-BN Brushed Nickel - \$218
 DR120-CH Chrome - \$158
 DR120-ORB Oil Rubbed Bronze - \$218
 DR120-PN Polished Nickel - \$218
 DR120-WC Weathered Copper - \$218
 DR120-PC Polished Copper - \$218
 DR120-MB Matte Black - \$218 (av. 4/1/18)

1.5" PUSH TO SEAL DOME DRAIN - DR130

- * Elegantly covers entire drain area of basin
- * Push to seal, push again to release
- * Compression seal closes drain completely
- * Maximum threading for easy installation
- * All exposed parts plated
- * UPC/cUPC compliant

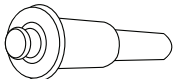

DR130-BN Brushed Nickel - \$183
 DR130-CH Chrome - \$152
 DR130-ORB Oil Rubbed Bronze - \$183
 DR130-PN Polished Nickel - \$183
 DR130-WC Weathered Copper - \$183
 DR130-MB Matte Black - \$183 (av. 4/1/18)

1.5" TEARDROP DRAIN - DR150

- * 9 hole lavatory drain with maximum threading for easy installation
- * All exposed parts plated
- * UPC/cUPC compliant

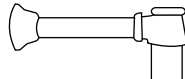

DR150-BN Brushed Nickel - \$124
 DR150-CH Chrome - \$92
 DR150-ORB Oil Rubbed Bronze - \$124
 DR150-PN Polished Nickel - \$124
 DR150-WC Weathered Copper - \$124

1.5" LIFT & TURN DRAIN - DR160

- * Maximum threading for easy installation
- * All exposed parts plated
- * UPC/cUPC compliant

DR160-BN Brushed Nickel - \$140
 DR160-CH Chrome - \$105
 DR160-ORB Oil Rubbed Bronze - \$140
 DR160-PN Polished Nickel - \$140
 DR160-WC Weathered Copper - \$140

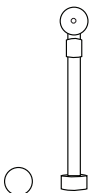

DECORATIVE BOTTLE TRAP - DR550

- * An elegant, fully plated trap perfect for exposed plumbing
- * Features 16" long tail tube in heavy 17 gauge brass
- * Includes Bell Flange

DR550-BN Brushed Nickel - \$215
 DR550-CH Chrome - \$190
 DR550-ORB Oil Rubbed Bronze - \$215

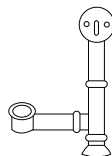

Bathtub

PUSH TO SEAL BATH WASTE & OVERFLOW - DR290

- * Use for Santorini and thick-walled tubs (Avalon)
- * Fully plated for exposed plumbing
- * For use with sub-floor tub waste connection
- * Features pivoting head for snug fit

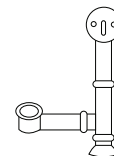

DR290-BN Brushed Nickel - \$685
 DR290-CH Chrome - \$585
 DR290-ORB Oil Rubbed Bronze - \$685
 DR290-PN Polished Nickel - \$695
 DR290-PC Polished Copper - \$725
 DR290-MB Matte Black - \$685 (av. 4/1/18)

TRIP LEVER BATH WASTE & OVERFLOW - DR280

- * Use for single-walled, raised-base tubs (Aurora)
- * Features brass waste shoe with extended tube
- * Fully plated for exposed plumbing

DR280-BN Brushed Nickel - \$648
 DR280-ORB Oil Rubbed Bronze - \$648

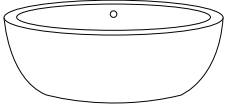

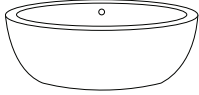

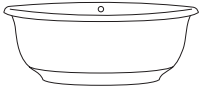

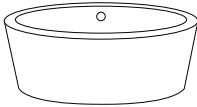

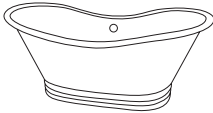

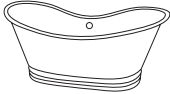

TRIP LEVER BATH WASTE & OVERFLOW - DR300

- * Use for double-walled tubs (Aspen)
- * All exposed parts are plated
- * Brass tubing is enclosed inside the tub walls once installed

DR300-BN Brushed Nickel - \$525
 DR300-ORB Oil Rubbed Bronze - \$525

Vanity Top Ordering Instructions:

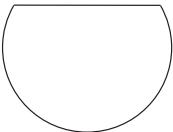

Choose vanity top material and size below, with corresponding item # and price. Then choose cut-out configuration on next page and add the cut-out # to create a complete item.

Example 1: 24" Carrara Vanity Top with cut-out for Rolled Classic sink would be VNT246-3D, List Price \$605.

If the desired cut-out is an undermount cut-out (marked by asterisk), add the corresponding surcharge to the list price of vanity top.

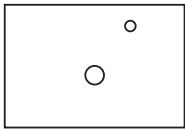

Example 2: 24" Carrara Vanity Top with cut-out for undermounted Calabash would be VNT246-3U, List Price \$645.

FAQs

Does Native Trails supply templates for the basins?

Due to the inherent variation in dimensions of our handcrafted products, we do not supply templates. We highly recommend waiting to receive your actual sink before making any cuts in the counter top. However, we do have spec sheets available on our website, www.nativetrails.net/product-specifications.

Can plumber's putty be used to install a Native Trails sink and drain?

No, we strongly advise against the use of plumber's putty with our products, as it may harm the finish. We recommend using silicone.

Do I need to buy a Native Trails drain with my sink?

Our exceptionally high quality drains are designed to work with Native Trails sinks, and they do have some differentiating features. For example, they work well with both thick-walled sinks such as NativeStone® or thin-walled sinks such as copper. Our lavatory drains thread all the way up to ensure a tight seal, a key requirement for our copper sinks. Our drains are also designed for sinks without overflows, like ours. We cannot ensure that another manufacturer's drain will work with our sinks.

We also offer an uncommon option that many find especially appealing: solid copper strainers. The living finish of our solid copper strainers will evolve like our copper sinks and never peel or chip.

Where can I find detailed product information?

You can see detailed product specifications at nativetrails.net/product-specifications.

What is the care of Native Trails copper products?

All Finishes: Copper is amazingly easy to maintain. For basic cleaning, use mild soap and warm water. Abrasives should never be used as they may affect the finish. For extra protection, we now offer our revolutionary Native Trails MetalProtect™, which offers unparalleled protection to all finishes of our copper sinks, from Antique to Polished Nickel and everything in between. The following information is specific to each finish:

Antique and Tempered Finishes: Caring for these finishes is particularly simple since they do not show fingerprints. Copper is a living metal that will naturally patina over time. Our copper products are not lacquered or sealed; they will react to their environment as they develop character. Acidic substances such as lemons, ketchup or red wine may alter the copper finish after prolonged contact. Not to worry, in a short time (usually just days) it will naturally re-patina itself. Copper's beauty is ever-changing and no two pieces are alike. If an unchanging finish is desired, Native Trails MetalProtect may be applied to create long lasting protection.

Polished Copper Finish: Polished Copper will begin to patina as it reacts to its environment. However, it is easy to protect if the desire is to maintain the bright, polished look. At Native Trails, we hand-apply a protective wax to our Polished Copper sinks, preventing the patina process from occurring for a few weeks, depending on use. When the wax begins to wear through and the copper begins to patina we recommend Wright's Copper Cream to polish the sink, and any good copper wax to maintain its original shine and luster. For a more lasting barrier we recommend Native Trails MetalProtect, which offers long lasting protection against tarnish.

Brushed and Polished Nickel Finishes: Our Nickel finishes are achieved by plating nickel over copper, followed by careful hand brushing or polishing, depending on the finish. Both finishes are easy to maintain. Acidic substances left on the nickel finish for extended periods of time may leave a slight dark mark, but this is easily removed with Flitz Polish or chrome polish. To maintain the bright, polished look of Polished Nickel, we recommend Native Trails MetalProtect for long lasting protection. Alternatively, it may be polished as needed with Flitz Polish or chrome polish.

What should I know about caring for my NativeStone sink?

For maintenance, simply use mild, non-abrasive soap and cleaners. The sealer is highly stain and scratch resistant; however, normal care should be exercised and abrasives avoided. Wipe or rinse sink after use. Depending on usage, NativeStone sinks may need to be resealed at some point in time. Dark spots appearing when the sink is wet is an indication that the sink needs to be resealed before staining occurs. It is important to reseat the sink using NativeStone Sealer according to the sealer instructions.

Will hot pans damage my NativeStone kitchen sink?

While our nano-sealer will withstand high heat, we recommend allowing hot pots and pans to cool before placing in the sink.

For more Frequently Asked Questions, please visit our website: www.nativetrails.net/FAQ

Product Warranties

Activate your warranty by registering your Native Trails product at nativetrails.net/register. For warranty claims, please contact the Native Trails dealer where the product was purchased. Proof of purchase is required. Warranties are non-transferable. In no event shall Native Trails be liable for any damage to or caused by the products during or after installation. Native Trails is not responsible for labor, installation charges or any other expenses associated with the defective product. Our sole responsibility is defective product replacement, exchange or repair. The Native Trails product warranty gives the purchaser specific legal rights; other rights will vary from state to state. Refer to the care instructions for proper maintenance of products; improper care of products will void warranty.

More details on Native Trails warranties by product type:

Limited Lifetime Warranty on Sinks and Bathtubs; Mirrors; and Bath Furniture: Native Trails warrants that our sinks and tubs, as well as our mirrors and bath furniture shall be free from defects in workmanship or materials as long as the original purchaser owns them and purchased the product through an authorized Native Trails dealer. Variations in dimensions, textures and finishes are inherent in our handcrafted products and are not considered defects. Finishes are not covered by our product warranties, unless otherwise stated as in the case of nickel finish sinks and tubs.

Nickel Finish Sinks and Bathtubs: Native Trails additionally warrants that the nickel finish on our Brushed and Polished Nickel sinks and tubs shall be free from defects in workmanship or materials for ten years from the purchase date, when purchased through an authorized Native Trails dealer and maintained properly as noted in the care instructions.

Drains, Strainers, Traps, & Grids: Native Trails sink and tub accessories (drains, strainers, traps, and grids) are warranted to be free from defects in workmanship or materials for one year from date of purchase.
