A small percentage of projects program wide will have an in field visual verification of equipment installed

Whole Home Energy Assessment Program

- Start your EE journey with a no-cost in-home assessment program
- An Energy Advisor will review the home's energy efficiency, provide a report with recommendations for energy-saving improvements, and may install energy-saving products during the visit.

The energy savings products may include:

- Water heater pipe insulation
- Efficient-flow showerheads
- Faucet aerators
- Smart power strips
- LED bulbs

Call 800-915-8309 option 2
or email WHEA@cleareresult.com

Whole Home Energy Solutions

A BPI-certified Participating Contractor will come to your home and:

- Perform a comprehensive Home Energy Audit
- Based on their findings, they will recommend improvements and available rebates to make your home more energy-efficient, comfortable, healthy, and safe.
- Provide you with a detailed report on the potential energy savings you can enjoy by making the recommended weatherization improvements
- Significant rebates and 0% financing are available for single-family homes and multifamily buildings

For a list of JCP&L Participating Contractors

Call 855-499-3090

Email:

EnergySaveNJ@clearesult.com

Income Qualified Program

- A weatherization program that provides up to \$14,000 in energy efficiency improvements plus up to \$2,500 in healthy home enhancements at no cost to qualified customers
- Improvements may include adding insulation, air sealing and the installation of energy saving products all at no cost depending on a homeowner's income level.

Eligibility:

- Single family homes with up to 4-unit dwellings
- Renters will need property owner authorization
- Be an active JCP&L residential customer

Call 800-915-8309 option 3

or Email: IQWx@clearesult.com

Income Qualified Program Objectives

Partner with income-eligible customers

Reduce overall energy consumption

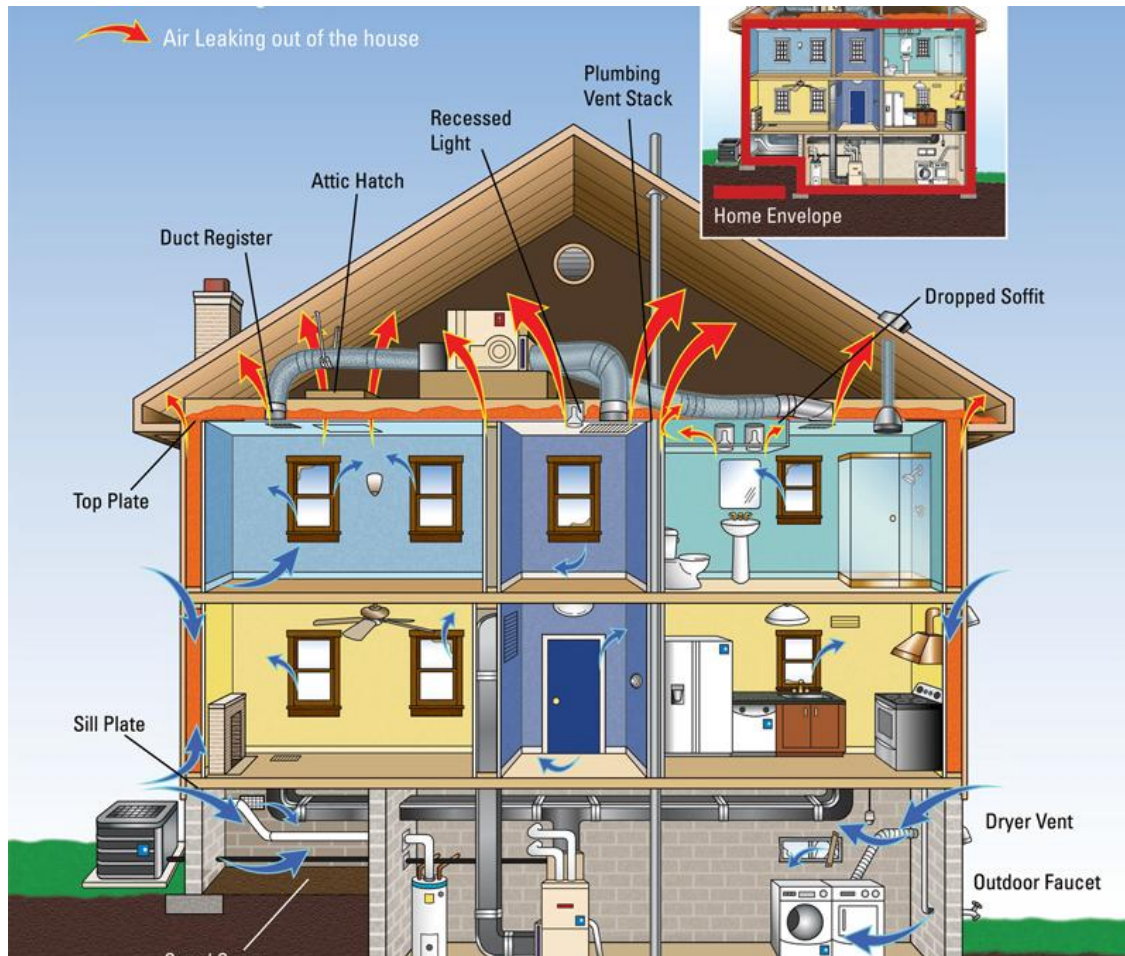

Make energy bills more affordable

Increase the customer's health, safety, and comfort

Provide energy education and referrals

Eligible Measures for income qualified

- ✓ Efficient lighting
- ✓ Appliance replacement
- ✓ Smart Thermostats
