COMEDIAN
DARYL
FELSBERG

No mistaking when Daryl Felsberg is on stage, this larger than life comic commands a room everywhere he goes. His story telling approach littered with jokes and heaps of laughs always have a big pay off. His sarcasm is as rich and thick as his brisket infused bloodstream.

Host of the Youtube series *Daryl Eats*, Felsberg's recent album *Truth or Daryl* peaked last #3 on iTunes and even made it on Billboard! In 2023 he shot a special for Open Bar Comedy, where it is still n the brand's top 20 views. Sometimes known as the "Cracker Daryl" he discreetly hangs his own Photoshopped antique portraits in Cracker Barrels around the country ; his videos of "installs" are nearly at a million views on social media. His voice inflection and passion keeps people in the room not knowing what absurd humor is going to come out of his mouth. Whether it's well crafted and precise jokes or completely improvised streams of consciousness, Daryl makes friends and fans out of all audiences.
