

2021 Global 6K prep plan

Here are some great ways to get ready in the 6 weeks leading up to race day!

Get others involved in the clean water cause. You can raise \$500 or more in 6 weeks.

Week 1	Donate \$50 to your own goal.
Week 2	Set up a Facebook fundraiser and aim for \$100 or more from your network.
Week 3	Ask 3 family members to donate \$50 each.
Week 4	Ask 4 businesses you frequent to donate \$10 each.
Week 5	Ask 5 friends to give \$20 each.
Week 6	Ask 6 co-workers or classmates to give \$10 each.

No training is needed to walk the 6K. If you plan on running, check out the schedule below. Either way, it's good to get moving before event day.

Minutes, not miles: Run two minutes, walk one minute. Repeat. Run more. Add minutes. You'll be at 6K before you know it.
