UPDATE JULY 2018

Ian, w brother, Kelly (also Ahadi university student) and Ahadi staff, alum

July was an exciting time for three of our Ahadi young men who graduated from college (2-3 year Diploma program) and university (Bachelor's degree). Ian graduated in Environmental Health from Daystar University (and had been so ill, he

hardly made it through graduation), and Nelson also graduated from Daystar in International Relations

Nelson w Grandma, Ahadi staff, and 2 older brothers (Ahadi alumni)

and Security Studies. Victor studied Community Development/Bible at Moffat Bible College where my son, Michael, was one of his

lecturers as well as his mentor. Ten of our primary school Ahadi boys attended Victor's graduation as an incentive to work hard so they may attend college or university as well. Eleven Ahadi boys are in colleges and universities now. **A BIG THANK YOU TO THEIR SPONSORS and Praise to God who saw them through. They really need your prayers now**

Victor w relatives, Ahadi boys and house parent (in white shirt)

because they do not have the connections that some do when trying to land that first job, and unemployment is about 50% in Kenya. Several of our 34 graduates are still unemployed.

Also thank you for your prayers for my recovery. I am feeling great.
