# Forword

Hello! Thank you for choosing my pattern to make. There are a few things you need to know before beginning. Stitches in [] are worked in the same stitch. Stitches in \*\* will be repeated. Numbers in () at the end of the rounds are your stitch counts for that round. All rounds are worked continuous, please use a stitch marker to keep track of your rounds.

This pattern is pretty easy aside of a few stitches. I hope you enjoy it and if you have any questions, please reach out via email at [craftipus@gmail.com](mailto:craftipus@gmail.com) or find me on IG [Instagram.com/Craftipus](https://www.instagram.com/Craftipus)

# Assembly

For Drifloon the assembly is pretty straight forward. The cloud top should be pinned and sewn to the head with the little tail sticking out to the right or left and slightly back from the face. Use the tail to add a loop at the top for hanging and make sure to knot it so that it will not come loose later.

For the legs sew them on either side of the body. Make sure you sew them above the spikey bits of the body and not under them.

The X shaped nose should be placed between the eyes and line up with the rounds the eyes are in.
