This year, we dedicate our "Life, Adventure, then Perfection" to Mr. Flood, who has aided us in achieving these three goals.

"Do you have any idea how many experiences we must have gone through before we even got the first idea that there is more to life than eating, or fighting, or power? A thousand experiences, ten thousand! And then another hundred experiences until we began to learn that there is such a thing as perfection, and another hundred again to get the idea that our purpose for living is to find that perfection and show it forth. The same rule holds for us now, of course; we choose our tomorrow through what we learn today. Learn nothing, and tomorrow is the same as today, all the same limitations and lead weights to overcome."

. . . paraphrased from JONATHAN LIVINGSTON SEAGULL.
