This yearbook is produced by students in the Yearbook Club in a learning situation. Students are responsible for layout, copy, and photo selection on all pages. The yearbook is created entirely on the Internet, so students were able to work on it anywhere. It is our goal to give fair and equal coverage to all aspects on school life.

There are, however, some things over which we have little or no control, including pictures that don't turn out, changed or canceled dates, sports events, or campus activities, students who left or enrolled late after the pages have been submitted to the publisher, and students who miss both picture days and all make-up days due to absences. Consequently, any omissions or errors are purely accidental and are in no way intentional on the part of the yearbook staff, the adviser, or the publisher. Every page is proofread before being sent to the publisher. We are sorry for any misspelled words or names, missing punctuation, or inaccurate credits in photo captions. We offer our apologies to anyone affected.
